ТО	Mayor and City Council Budget Committee
FROM	Dan Chandler City Manager

SUBJECT FY22-23 CITY OF BANDON BUDGET MESSAGE

The proposed Fiscal Year (FY) 2022-23 budget total is \$32,071,085 which is \$3,090,448 or (9.64%) more than the prior FY 2021-22 budget of \$28,980,637. A table and graphic summary of the overall budget, broken down by Category and Fund type with comparisons to FY 2021-22, follows on page four of this document.

BUDGET FORMAT

As required by local budget law, the first three (shaded) columns in the budget schedules show actual revenues and expenditures for the second and third prior fiscal years and the budgeted figures for the immediately preceding fiscal year. The fourth column shows the budget as proposed by the Budget Officer. The fifth and sixth columns are populated as the budget moves through the process of approval by the Budget Committee and adoption by the City Council. Funds that have been closed or combined into other funds will continue to be included and show zero balances each year until all three of the prior year columns show a zero balance and then they can be removed from the budget schedule.

INTRODUCTION

Coming out of the COVID-19 pandemic, the City's budget is in fair shape. This budget proposes to create a revenue stabilization reserve for the first time.

Bandon faces a couple of additional challenges. First, Bandon's Permanent Tax Rate at \$0.46 per thousand dollars of value, is the lowest in the State of Oregon among communities with over 750 people. It is also the second-lowest among communities that provide their own police force. The lack of Council rate-setting authority will provide periodic uncertainty as costs rise. More problematic, without rate setting authority the City cannot avail itself of traditional funding sources like revenue bonds and will typically pay a higher interest rate on debt. This ultimately costs taxpayers and ratepayers more money over time.

BANDON PROPERTY TAX RATES COMPARED TO OTHER COUNTY JURISDICTIONS

CITY	Permanent Rate (Inside M5)	Local Option Tax (Inside M5)	Bonds (Outside M5)	Urban Renewal Special Levy	TOTAL
Myrtle Point	7.99				7.99
Powers	7.39				7.39
Coos Bay	6.36		.54		6.90
North Bend	6.18			.34	6.52
Coquille	6.10				6.10
Bandon	.46	.85	.50		1.81
Lakeside	.71				.71

On the good news front, as a result of cost-cutting and conservative financial projections, the City budget for the upcoming year is in sound condition. I am also proposing a series of additional changes to the budget that go beyond simply maintaining current levels of service. For the first time in some years, the City will be setting aside contingency and reserve funds. We can also payoff some debt and restore a Public Works position to help keep Bandon a functioning and attractive city in which to live, work, and play.

Summary of Significant Proposed Changes

Proposed Change	Amount
Create the Rainy Day Fund	\$450,000
Continued funding for Gorse mitigation	\$70,000
Continue PERS Reserve	\$150,000
Moved contractual services and 4th of July	\$72,000
expenses to non-departmental	

Overall Financial Picture.

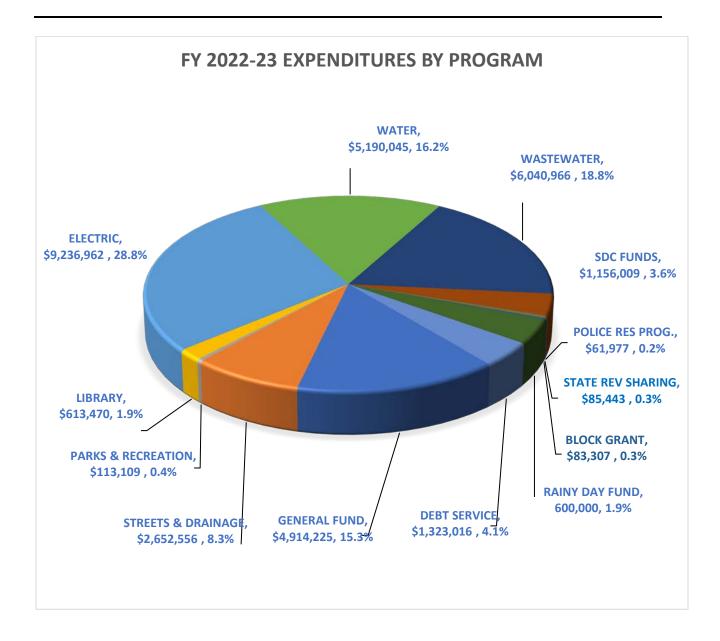

Bandon continues to experience strong growth in residential construction.

Transient Occupancy Tax (TOT) has risen over the last couple of years, and revenues should increase in the coming years. with the recent applications to expand and improve motel and hotel lodging in the City.

The City has a great opportunity with the American Rescue Plan to program additional funds toward a wide range of purposes. The Council has tentatively indicated that we should focus on improving housing availability for Bandon residents and workers. However, in addition, we plan to allocate some funds for a new patrol vehicle for the police department.

	BUDGET SL

BUDGET DOCUMENT SECTIONS

The budget document is divided into the following sections, marked with tabs.

Budget Summary

The Budget Summary section provides a narrative overview of the proposed budget and includes an organizational chart.

Funds

The Funds section of the document outlines the proposed city budget, which will require approval by the City Budget Committee and formal adoption by the City Council. Detailed revenue and expenditure projections are included for each of the City's funds. Funds are categorized and presented by fund type, as noted below:

General Fund – The General Fund contains the main operating accounts for the City of Bandon. Many of the usual activities associated with the City are paid for using general fund revenues. Police and Planning activities are examples of General Fund departments. Revenues in this category are available for use however the Mayor and City Council deem lawful and appropriate. The general fund has three main sources of revenue:

- Transient Occupancy Tax
- Property Tax
- Utility taxes, franchise fees, and payments in lieu of taxes from city utilities

Special Revenue Funds – Special Revenue Funds are legally restricted to expenditures for specific purposes. Revenues in this category must be used to support the stated purpose for which they are collected. For example:

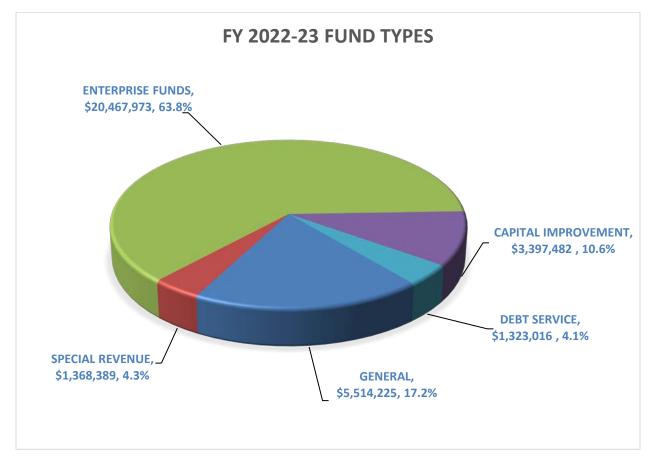

- Funds from the Coos County Library District may only go to the library.
- State gas tax revenue must go to streets and roads.

Enterprise Funds – Enterprise funds are the main operating accounts for municipal business ventures, such as the Bandon Electric Utility, Bandon Water Utility, and Bandon Wastewater Utility, which are all designed to function on a fee-for-service basis. If expenditures exceed revenues in any of these municipal businesses, the shortfall is covered by the City's general fund. If revenues exceed expenditures, the City may use the "profit" to pay for other City services, leave the revenue in the utility account to cover unexpected or future infrastructure expenses, or do a combination of both options.

Capital Funds – Capital funds are monies set aside for the purchase of capital or fixed assets, such as buildings, land, vehicles, equipment, and so forth. Money for capital purchases can come from General, Special or Enterprise Funds so long as the capital purchase is in keeping with the legal purpose of the originating fund. Purchases may also be made by utilizing a combination of funding sources, as long as the capital item is utilized in a reasonably proportional way.

Debt Service Funds – Debt Service Funds are used to make principal and interest payments on short-term and long-term debt of the City.

A chart illustrating the relative size of each of these Fund types within the proposed budget:

Within each Fund, revenues are identified by the source from which they are received. Expenditures are broken down into four major categories: Personnel Services (personnel wages, taxes, and benefits); Materials and Services (operating expenses, utilities, supplies, contractual services, etc.); Capital (individual capital projects); and non-Departmental (transfers, contingencies, and other expenses).

Municipal Business Plan / Department Summaries

The Municipal Business Plan section includes a brief descriptive narrative of the City of Bandon along with individual Department summaries, noting past accomplishments and focuses moving forward.

Capital Improvement Projects

The Capital Improvement Project section identifies significant projects or purchases proposed to be accomplished by the City over the next five years. Prioritization and funding availability are the primary drivers for the assignment of specific projects and purchases to any given fiscal year. A 5-year summary table of projects and associated expenditures is included. Continual monitoring and review will provide a structured framework for accomplishing and managing the City's capital investments.

PERSONNEL - WAGES AND EMPLOYEE RELATED EXPENSES (EREs)

The Personnel Services budget within each Fund has been adjusted to include the projected wage and employer related expenses for proposed FY 2022-23 city staff. Being that the City of Bandon is a relatively small community, city staff typically perform duties across more than one department and /or enterprise. These shared responsibilities result in wages and EREs that are also shared among affected departments.

Collective Bargaining Agreements

With the exception of management staff, all City employees are represented by labor unions. The City has four collective bargaining agreements, including the International Brotherhood of Electric Workers (IBEW) representing the Electric Department; the Teamsters Union representing the Police Department; the Teamsters Union representing the Public Works Department, Water Department, and Sewer Department; and the IBEW Union representing Clerical, Planning and Library staff. The City is currently negotiating with the Teamsters Union that represents our patrol officers. It is anticipated that these negotiations will be completed prior to July 1, 2022.

Employee Wages

The employee wages in the proposed budget are in compliance with each of the collective bargaining agreements (CBA). Accordingly, this includes normal scheduled step increases for those employees to whom they are due, and a cost-of-living adjustment (COLA) each year, as defined in the respective CBA.

Employee Benefits

<u>Health Insurance</u>: Based on information provided by City County Insurance Services, the City's insurance carrier, the budget includes the following changes in health insurance rates.

Medical	Regence	0.0% Increase
	VSP	9.0% Increase
Dental	Delta	0.0% Increase

<u>Retirement:</u> The anticipated City share of payroll contributions into the employees' retirement programs remains the same FY 2022-23 at 25.16% for Public Employees Retirement System (PERS) employees, 20.45% Oregon Public Service Retirement Plan (OPSRP) regular employees, and 24.81% for OPSRP police employees, plus the City continues to pick up the 6% share of the PERS and OPSRP contributions for employees. The City also offers the employees the opportunity to voluntarily participate in the AIG-VALIC and ICMA deferred compensation programs, which are funded by employee contributions.

PROPERTY TAX RATES

The City's permanent property tax rate remains unchanged at \$0.46 per \$1,000 assessed valuation. This permanent property tax rate is expected to bring in approximately \$227,115 during the FY 2022-23 Fiscal Year. With the Local Option Street Levy at \$0.85 per \$1,000 assessed valuation, and with \$0.50 per \$1,000 assessed valuation levied for General Obligation bond repayments, Bandon's total FY 2022-23 property tax rate was \$1.81 per \$1,000 assessed valuation.

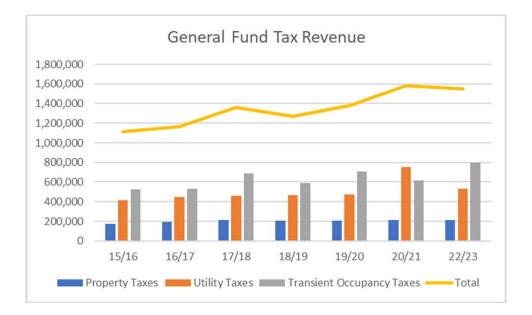

INTEREST ON INVESTMENTS

The City's cash is currently invested in the Oregon State Treasury's Local Government Investment Pool (LGIP), from which it is periodically transferred into the City's local checking account for monthly payroll and accounts payable expenditures. Interest payments are allocated monthly to each Fund, based on the proportionate share of the total cash balance.

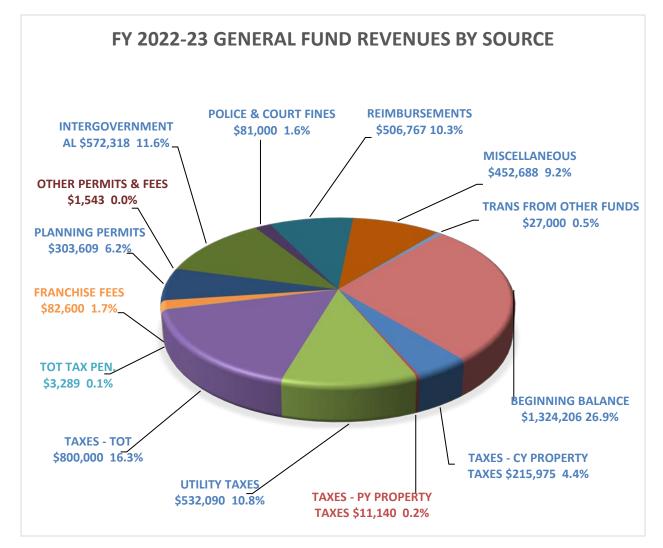

GENERAL FUND REVENUES

The total proposed General Fund (100) budget is \$4,914,225, which is \$479,787 or (9.76%) more than last year.

The largest individual sources of General Fund revenues continue to be utility sales taxes, utility inlieu fees, utility reimbursements, and the transient occupancy tax (TOT). The remaining major revenue categories include property taxes, beginning fund balances, and other miscellaneous resources. TOT fluctuates while other revenue sources increase slowly.

The following pie-chart illustrates the General Fund revenue types, by source:

DEPARTMENT BUDGETS

Budget highlights for major City activities follow. A chart illustrating the relative size of each General Fund departmental expenditure category is included on the following page.

Mayor and Council

The Mayor and City Council expenses are charged to the General Fund (100). The total proposed Mayor and Council budget is \$25,715, which is a \$11,735 (45.63%) decrease from the previous fiscal year.

General Administration

The City's general administration expenses are charged to the General Fund (100) and the three Utility Enterprise Funds [Electric (910), Water (940), and Sewer (950)] to cover their share of administrative responsibilities and expenses. The total proposed Administration budget is \$306,282 which is \$87,938 or (28.71%) less than the previous fiscal year.

Accounting and Billing Department

The Accounting and Billing Department expenses are charged to the General Fund (100) and the three Enterprise Funds [Electric (910), Water (940), and Sewer (950)], to cover their share of the accounting and utility billing expenses. The total proposed Accounting and Billing Department budget is \$361,118 which is \$67,686 or (18.74%) more than the previous fiscal year. The additional expenditures are primarily due to additional accounting assistance and the implementation of electronic bill-payment software.

Municipal Court

The Municipal Court is funded by the General Fund (100). The total proposed budget is \$8,600 which is \$2,600 or (30.23%) more as the previous fiscal year. The largest expenditure covers a Contractual Services Agreement for our Municipal Court Judge. We opened Municipal Court to hear Traffic Offences last year. Previously, all traffic tickets written in Bandon had to be heard in North Bend, and the revenue went to the State and to Coos County. While costs will increase, we anticipate that increased revenue will more than cover costs.

Police Department

The activities of the Police Department are primarily funded through the General Fund (100). A portion of the contracted dispatching services is paid with the City's share of the State 911 tax, which go directly to Coos County. The total proposed Police Department budget is \$1,317,309 which is \$21,104 or (1.60%) more than the previous fiscal year. Additional expenditures are primarily due to the increase in personnel to cover the additional half-time officer.

Staffing includes a Chief, a Patrol Sergeant, four Patrol Officers and a Records/Dispatch Clerk. A Volunteer Reserve Officer supplements police activities from time-to-time.

The Police Department is the largest department funded by the General Fund. Costs for the department are more than shown in the Police Department budget, as those figures do not include

the cost of administration, finance (payroll, accounting, and auditing), and City Hall building maintenance expenses. They also do not include revenues received from the State 911 tax, which are provided directly to Coos County for operating the 911 system.

Fire Protection

The City of Bandon does not have its own Fire Department. Fire protection is provided through a contract with the Bandon Rural Fire Protection District, with funding from the General Fund (100). The total proposed Fire District Contract budget is \$121,664 which is \$5,794 (4.76%) more than the previous fiscal year. The amount of the annual Fire District payment is indexed to the City's total taxable assessed valuation and is based on an assessment equal to \$.227 per \$1,000 assessed valuation. This was the equivalent rate established in the 1995 agreement between the City and the Fire District, adjusted for increases in the total City assessed valuation. The increase in the payment amount results from the County Assessor's annual adjustment of the total City assessed valuation.

Streets and Drainage

Funds for operation, maintenance, and improvement of the City's streets, sidewalks, and storm drainage systems and are provided from a number of sources, including the General Fund (100), the City's share of the State gas taxes which are deposited into the State Tax Street Fund (210), and capital projects funding from the Street SDC Reimbursement Fund (710), Street SDC Improvement Fund (711), Storm Drainage SDC Reimbursement Fund (715), Storm Drainage SDC Improvement Fund (716), and Local Option Street Tax Fund (750). The total proposed budget for Streets & Drainage is \$3,808,565 which is \$201,642 or (5.29%) more than last fiscal year.

Parks and Recreation

Parks & Recreation operation and maintenance is funded through the General Fund (100) and the Community Beautification Fund (250), with capital improvements funded through the Parks & Recreation Development Fund (550). Capital improvement funding is also provided from the Urban Renewal Area One Fund (560), and Urban Renewal Area Two Fund (570), although those expenditures are not reflected in the Parks & Recreation Department budget. The budget also continues to include a \$27,000 contribution from the Electric Fund (910) for the Summer Youth Recreation Program. The total proposed Parks & Recreation budget is \$113,109 which is \$37,248 (32.93%) less than last year, due to a reduction in anticipated grants. If additional grant funds are obtained, an associated budget amendment will be presented to the City Council for consideration.

The Community Beautification Fund derives its revenues from the garbage franchise fees paid by the garbage franchisee, 100% of which are deposited into this Fund. The total proposed Beautification Fund budget is \$62,317 or (16.35%) more than the previous fiscal year. Approximately 72% of these franchise revenues are budgeted for Contractual Services to pay an outside contractor to provide landscaping maintenance services for many public areas including City Hall, the Visitor Information Center, the Fire Memorial, the Old Town parking lot and Pedway, the Welcome-to-Bandon entry signs, the City Park entrance triangles, the Library, the Community Center (Barn) and associated parking lot islands. Remaining funds are budgeted for benches, trash cans, fire hydrant painting and tree-trimming and mitigation services.

Planning Department

The activities of the Planning Department are funded primarily through the General Fund (100). The total proposed Planning Department budget is \$246,372, which is \$51,469 (20.89%) less than the previous fiscal year. This is not an increase in planning staff or expenses. We have added a Permits Clerk to help process the increased level of permits, handle financial transactions from Permit Fees, and to begin integrating Planning and Public Works in a one-stop permitting process.

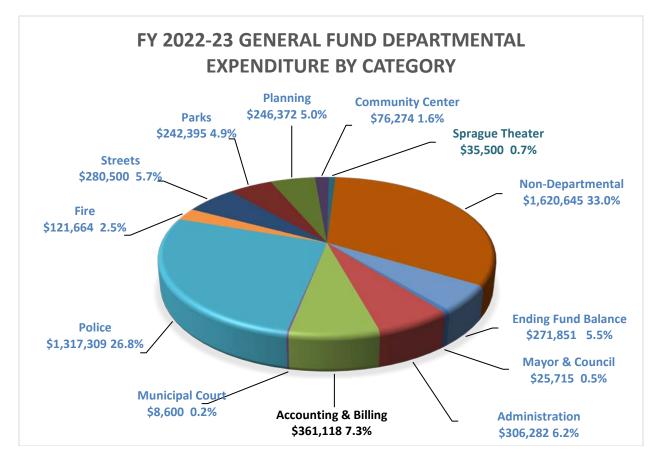

The Planning Department also serves as staff to the City's Planning Commission, Parks and Recreation Committee, Emergency preparedness and Emergency response planning programs.

Community Center

Revenues and expenditures for the Barn/Community Center are run through the General Fund (100). The proposed budget is \$76,274 which is \$10,098 (13.24%) less than the previous fiscal year. A portion of the Public Works Department employee costs are allocated to maintenance of the Barn/Community Center. The Barn/Community Center receives approximately 31% of its operating budget from rental receipts, the remainder is subsidized by the General Fund. The Barn / Community Center is managed by a contract employee who reports to the City Manager. The Mayor and City Council provide oversight and policy direction to the City Manager regarding operation of the facilities.

Sprague Theater

Revenues and expenditures for the Sprague Theater are run through the General Fund (100). The proposed budget is \$35,500 which is \$4,740 (13.35%) less than the previous fiscal year. The Sprague Theater receives approximately 38.2% of its operating budget from rental fees and grants. The Sprague Theater is managed by a contract employee who reports to the City Manager. The City Council provides oversight and policy direction to the City Manager regarding operation of the facility.

Library

The Library is primarily operated out of two funds: the Library Fund (230) and the Library Memorial Fund (220). The total proposed Library budget is \$613,470 which is \$83,775 or (13.66%) more than last year. This includes a contingency account of \$99,294. Library operations are subsidized by the General Fund (100), which covers administration, finance (payroll, accounting, and auditing), and building maintenance activities; and the Community Beautification Fund (250), which pays for landscaping maintenance.

The majority of library funding comes from a share of Library District property taxes collected by the County, which are projected to be the same as last year. Since library taxes can only be used for operation and maintenance but not capital construction, all property tax receipts, fees, fines and rental revenues are deposited into the Library Fund, and are used for personnel, materials, services, and equipment. In addition, certain donations may also be deposited into the Library Memorial Fund, subject to any restrictions which may have been placed on donations by the donors. The prior Lisa Wampole Trust Fund (990) was closed into the Library Memorial Fund several years ago, but those funds continue to be accounted for as a separate line item within the Library Memorial Fund budget.

Electric Department

The electric utility is funded through the Electric Fund (910), with revenues derived primarily from the sale of electricity to customers inside and outside of the City. The total proposed Electric Department budget is \$9,236,962 which is \$904,003 or (9.79%) more than the previous fiscal year.

The Electric Utility utilizes Federal funds and the proceeds of a dedicated monthly bill charge (\$.18 per residential customer and \$.00018 per kWh for commercial and industrial customers), which is added to each electric bill to operate a Low Income Energy Assistance Program (LIEAP) to provide bill-paying assistance to qualifying low income electric customers. Both the Federal and the local programs are administered under an agreement with Oregon Coast Community Action. With declining Federal resources, and increasing needs for assistance, the City initiated the Round-Up Program in 2009, through which individual customers can voluntarily agree to have their monthly utility bill "rounded up" to the next whole dollar value. This additional contribution is also used specifically for the low-income assistance program.

City electric crews continue to accomplish capital improvement, underground power, and line and pole replacement projects in-house, decreasing the need for outside contractors and keeping expenditures as low as possible.

Water Department

Water treatment and distribution activities are funded through the Water Fund (940), with revenues derived primarily from the sale of water while the Water Plant Improvement Fund (941) tracks the capital expenditures that are completed using the base-rate increase that voters approved in November of 2016 election. The Water Plant Reserve Fund (942). Some capital expenditures are also budgeted from the Water SDC Reimbursement Fund (720), and the Water SDC Improvement Fund (721). The total proposed Water Treatment budget is \$5,190,045, which is \$425,163 or (8.19%) less than the previous fiscal year as projects have been completed.

100% of the Water Treatment Plant employee costs and 20% of the Public Works Department employee costs are allocated to the Water Department primarily for their work on the water distribution system. Public Works employees are utilized to accomplish capital improvement and line repair/replacement projects, where possible, to decrease the need for outside contractors and to keep expenditures as low as possible.

Sewer Department

Wastewater treatment and collection activities are funded through the Wastewater Fund (950), with revenues derived primarily from the wastewater treatment sales. The Wastewater Reserve Fund (952). Some capital expenditures are also budgeted from the Sewer SDC Reimbursement Fund (730), and the Sewer SDC Improvement Fund (731). The total proposed Wastewater Treatment budget is \$6,040,966, which is \$1,079,997 or (17.88%) more than the previous fiscal year. In addition, the Wastewater program contains Systems Development Charge Revenue and General Obligation Bond Reserves for capital projects.

100% of the wastewater treatment plant employee costs and 20% of the Public Works Department employee costs are allocated to the Sewer Department primarily for their work on the sewer collection system. As with the Water Utility, Public Works employees are utilized to accomplish capital improvement and line repair/replacement projects for the Wastewater Utility, where possible, to decrease the need for outside contractors and to keep expenditures as low as possible.

NON-DEPARTMENTAL EXPENDITURES

The expenditures described below are classified as "Non-Departmental Expenditures" since they are not allocated to any specific City Department. Several General Fund expenses formerly shown in the Administration Department and Mayor and Council Department have been moved to "Non-Departmental". This provides a better picture of true costs

- TOT Payments to the Chamber of Commerce
- Contractual Services

State Revenue Sharing Fund (260)

State Revenue Sharing money comes from the State of Oregon and is annually distributed to municipalities. The total proposed State Revenue Sharing Fund (260) budget is \$85,443, which includes \$29,785 to fund grant payments to other organizations, and \$55,658 for other anticipated expenses.

A \$3,500 maximum contribution limit was set by the Budget Committee and City Council to make sure as many organizations as possible could benefit from this revenue. This decision is not binding, however, and could be re-considered if deemed appropriate.

ORGANIZATION	FY2022-23 REQUESTED	FY2022-23 APPROVED
Bandon Community Emergency Response	\$5,000	\$3,500.00
Bandon Historical Society Museum	\$3,250	\$3,250.00
Bandon Playhouse	\$1,000.00	\$1,000.00
Bandon Veteran's Guard	\$2,000.00	\$2,000.00
Bob Belloni Ranch, Inc	\$5,000.00	\$3,500.00
Circles in the Sand	\$2,000.00	\$2,000.00
Common Ground Mediation	\$1,135.00	\$1,135.00
Coos County Area Transit - Dial-A-Ride	\$5,000.00	\$3,500.00
Greater Bandon Association	\$3,500.00	\$3,500.00
South Coast Business Employment Corp Sr. Nutrition Program	\$3,000.00	\$3,000.00
South Coast Community Garden - Good Earth Community Garden	\$1,400.00	\$1,400.00
The SAFE Project	\$2,000.00	\$2,000.00
TOTAL	\$34,285.00	\$29,785.00

The City has received funding requests from the following community organizations:

As required by State law, the City will hold a public hearing before the Budget Committee on May 9, 2022, to solicit recommendations regarding how these funds should be allocated. All requests from outside organizations will be presented and reviewed, and a recommendation for distribution will be made by the Budget Committee, following the hearing.

Block Grant Fund (410)

The total proposed Block Grant Fund (410) budget is \$83,307. The recommended budget includes \$30,000 for Materials and Services, \$0 for unspecified Capital Improvements, \$20,000 for Façade Loans, and \$33,307 for Loans to Small Businesses for small business start-up, equipment, and construction. Those loans are available in any amount up to \$30,000, for a period up to 15-years, at a fixed interest rate of 1% less than the fixed rate for a 15-year single-family residential mortgage at a local lending institution. There are 5 active loans in the fund. We anticipate building the principal balance of this fund in future years.

Capital Improvements

Capital Improvements are accomplished in accordance with the 5-year Capital Plan. Projects are funded from a variety of different sources within the budget.

Local Improvement District Fund (640)

The entire Local Improvement District Fund (640) budget of \$54,879 is classified as a Non-Departmental Expenditure since local improvement districts (LIDs) can be formed for various infrastructure improvement projects in any Department.

DEBT SERVICE FUNDS

The City is currently making payments on 10 existing bonds and loans. Once all of fiscal year 2021-22 payments have been made, the outstanding principal balance on the City's total debt as of July 1, 2022, will be \$9,240,095. The following table lists each of the City's outstanding bonds and loans, together with the type of financing, the purpose, annual payments, final payment year, and remaining balance as of July 1, 2022.

FUND (PRIOR)	TYPE OF FINANCING	PURPOSE	FY2021-22 PAYMENT	FINAL PAYMENT	07/01/2022 BALANCE
365 (343)	2000 RD Water GO Bond	New Water Plant	\$68,777	2040	\$2,086,575
365 (375)	2009 Water GO Bond	Clarifier and UV	\$35,288	2032	\$497,497
365	2021 GO Bond	Water / Sewer CIP	\$228,722	2036	\$5,271,278
940 (380)	2006 Airport Utility Loan	Water	\$29,801	2030	\$180,722
636 (633)	2000 Street and Sewer LID	Local Imp. District	\$9,150	2023	\$ 0
636	2004 Hwy 101 Sewer LID	Local Imp. District	\$23,431	2034	\$297,611
636	2012 12th Court LID	Local Imp. District	\$1,795	2041	\$63,647
950	1992 Wastewater LID	Local Imp. District	\$60,239	2035	\$842,765
750	2019 Sweeper Loan	Street Sweeper	\$152,177	2024	\$ 0
550	2018 Golf Course Loan	Property Purchase	\$127,939	2032	\$ 0
TOTALS			\$737,319		\$9,240,095

* No property taxes are assessed for these bonds. The 2006 Airport Water and Sewer Bonds are paid by private property owners (68%) and Water SDCs (32%).

** 42% of the 2006 Water GO Bond debt is paid with Water SDCs.

*** No public funds or property taxes are used to pay LID bonds. Payments are made through assessments against the properties located within the legally described improvement district boundaries.

CONCLUSIONS AND FUTURE OUTLOOK

Based on the revenue and expenditure projections noted in the proposed budget, the City of Bandon will endeavor to provide the same level of services delivered during the preceding fiscal year. The City will also be adding a revenue stabilization this year to account for fluctuations in revenue, or unforeseen situations.

The City of Bandon continues to be a remarkable place to live, work and visit. Every day, local residents can enjoy the beautiful weather, scenery and recreational opportunities that attract visitors to our community from around the world. Our goal at the city is to continue to improve customer service as efficiently as possible.

City staff continue to work hard to maintain the assets and infrastructure entrusted to them by the residents of the City. They also work to improve the emergency preparedness and resiliency of community members and the City itself.

Police Protection

The FY 2022-23 budget provides for 6 officers to ensure adequate 24/7 police protection. The Police Department is funded primarily by the General Fund.

Streets, Drainage, and Pedestrian Facilities

Adequate funds will be available for basic street, drainage, and capital improvement projects in the near term, but securing adequate funds for their ongoing maintenance and construction of new infrastructure will continue to be a challenge.

While State Tax Street Fund revenues have increased slightly, construction and labor costs have risen faster. The City will not be doing a paving package this year, as asphalt prices are extraordinarily high.

Although street and storm drainage SDC funds are available, the balances in those funds can decline quickly with the cost of one infrastructure project. SDC funds are also restricted to maintenance uses specified in the SDC Plan and for projects associated with capacity building to meet the demands placed on the street and drainage systems by future growth. They cannot be used to pay for ongoing operating expenses.

The largest single resource for the maintenance, repair and construction of street, drainage, and pedestrian facilities is the Local Option Street Tax Fund, which receives its revenue from a local option street tax in the amount of \$.8455 per \$1,000 assessed valuation. This tax was initially approved by the voters in 2001, and in 2011 and 2021 was extended by the voters for an additional 10 years (2031). This is the maximum length a local option capital tax is allowed by State statutes. As a capital tax, however, it can only be used for capital improvement projects and not for operational expenses.

Parks and Recreation

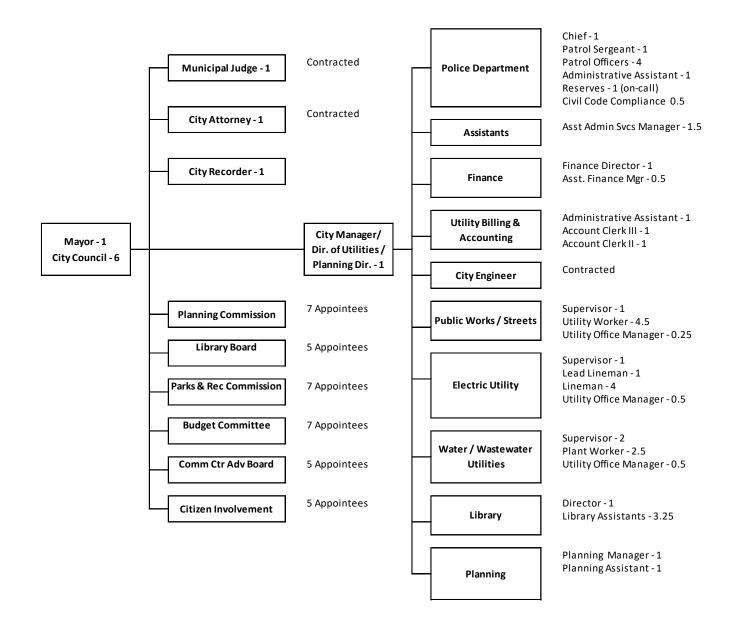

The Parks Master Plan contains numerous recommendations regarding improvements to the City's Park & Trail System. Development of additional neighborhood and wayside parks and an extensive walking trail system are also outlined. Parks maintenance is funded through the General Fund, where it has to compete for the same dollars as Police, Fire, Planning and other mandated City activities. Capital improvement funding has been provided primarily from the Parks and Recreation Development Fund, which receives revenue from a 6% fee assessed against some subdivisions in lieu of dedicating open space/park land within the development. A reduction in subdivision development, in recent years equates to fewer resources available for parks and recreation.

One of the major concerns expressed by the Parks & Recreation Commission is not only finding funds for constructing and improving recreational facilities such as parks and walking trails, but even more importantly how to finance the ongoing operation and maintenance of existing and proposed facilities. The most significant current resource for parks and recreation facilities construction is Urban Renewal. The Plans for Urban Renewal Areas 1 and 2 were amended in 2012 to include a list of priority projects for future City Park improvements, South Jetty Park improvements, developing small parks within the Urban Renewal areas, and constructing walking trails in those areas within the Area boundaries along the ocean bluff and Beach Loop Drive. The amount of Urban Renewal funds available and the number of parks and recreation projects that can actually be undertaken will depend upon the extent to which the City is successful in obtaining grants which can be matched with these funds. These funding sources are not guaranteed either, as a number of economic development projects within these Urban Renewal Districts could take priority over parks and recreation projects.

System Development Charges (SDC's)

SDC revenues from new development and construction are projected to increase slightly given the small uptick in these activities. SDC's serve as the primary funding source for a large number of capital improvement and system expansion projects however, these funds are limited. Recent road and drainage projects have recently reduced the available funding in these accounts for FY 2022-23. However, increased building activity should begin to rebuild those fund balances.

MUNICIPAL BUSINESS PLAN

ADMINISTRATIVE SERVICES

The City is continuing to professionalize, streamline and organize administrative services functions.

DEPARTMENT ACTIVITIES AND SERVICE LEVEL DESCRIPTION

The City Council provides direction for the overall management, administration, financial operations, and personnel supervision activities of the City of Bandon and the Bandon Urban Renewal Agency as defined in the Bandon Municipal Code, Title 2. The Department includes the City Manager's office (the City Manager also serves as the Finance Director), Human Resources, Economic Development, Special projects and the contract services of the City Attorney's office, the City Engineer and Municipal Judge.

The major activities for Administrative Services include personnel recruitment and coordination, election activities, records management and public information functions; grant applications and grant administration; and the intergovernmental relations of the City. Duties for daily operations include financial planning and budget preparation; accounting, water, sewer, and electric utility billings, collections, and bad-debt recoveries; budget control; liens and assessments; payroll; accounts payable and accounts receivable; and City Hall's customer service functions, which include reception, payment processing, answering telephone calls, dispatching utility services, and response staffing during power outages or other local emergencies.

Funding

The Administrative Services Department is funded from the General Fund, Urban Renewal Area 1 and 2 and the three municipal utilities (Electric, Water and Wastewater). Both Urban Renewal agencies and the three Municipal Utility enterprises provide reimbursement to the Administrative Services Department for their share of administrative, accounting and audit service-related activities.

MUNICIPAL BUSINESS PLAN

PUBLIC SAFETY

DEPARTMENT ACTIVITIES AND SERVICE LEVEL DESCRIPTION

The mission of the Bandon Police Department is to deliver the highest standard of law enforcement excellence in protecting life, property and human rights, and to work in a pro-active partnership with the community to solve problems, thereby enhancing the quality of life for our citizens.

The Bandon Police Department is committed to criminal investigations and apprehension of offenders, selective traffic enforcement, timely response to calls for service, investigation of accidents and the traditional duties of police in the community. In addition, the Department has a commitment to pro-active patrol by vehicle and foot to enhance positive interaction with citizens, merchants and visitors. We also continue to work with various departments, agencies and citizens in problem solving to improve the quality of life as well as the quality of service for our customers; continued community education efforts, and identification of alternate resources.

Funding

The Police Department is operated primarily out of the General Fund; Revenues are mainly derived through property taxes, utility taxes, transient occupancy taxes, and utility in-lieu of taxes.

PRIOR YEAR ACCOMPLISHMENTS 2021-2022

- Continue exploring grant opportunities.
- Continue emphasis on department training to include Reserve Officer training.
- Continue Community Policing Philosophy through community meetings.
- Continue participating with Coos, Curry and State agencies.
- Continue to be involved in community events.
- Continue emphasis on traffic safety, enforcement and education.
- Continue looking at grant funding for traffic safety.
- Continue community service and volunteer programs.
- Continue partnership with SCINT and other agencies.
- Continue Emails to Merchants regarding issues of fraud, etc.
- Continue to educate the public regarding their animals and how they affect their neighbors and people visiting our community.
- Continue working towards crosswalk safety.
- Continue involvement in ERT, Crash Team and Major Crime Team with other agencies in the county.
- Continue training Officers in specialized training, mental health, DUII and drugs that impair driving.
- Continue the drug take back program, obtained secure box for med drop off.
- Increased enforcement of ordinance violations re transients and house abatement.
- Spoke to Pacific View about Identity Theft and Fraud.
- Bank Robbery Training at First Community Bank.

MUNICIPAL BUSINESS PLAN

DEPARTMENT OBJECTIVES FOR 2022-2023

- Continue exploring grant opportunities.
- Continue emphasis on department training to include Reserve Officer training.
- Continue efforts in narcotics enforcement and education.
- Continue community service and volunteer programs.
- Increase neighborhood involvement, neighborhood watch, community forum meetings, home safety week, etc.
- Continue to work with emergency management committee.
- Continue partnership with SCINT and other agencies.
- Continue emails to merchants regarding issues of fraud, etc.
- Continue to educate the public regarding their animals and how they affect their neighbors and people visiting our community.
- Update computers and data storage.
- Continue working toward crosswalk safety.
- Continue training Officers in specialized training, mental health, DUII and drugs that impair driving.
- Continue drug take back program.
- Continue to increase enforcement of ordinance violations regarding transients and house abatement.
- Assign another Officer to the Coos County Major Crime Team with other agencies in the county.
- Hosting our first ever National Night Out.
- Hosting Coffee with the Cops events.
- Explore the possibilities of adding an additional Officer due to the increased number of calls at the school district, traffic concerns, decriminalization of drugs and lack of resources at the jail.

INDICATORS

Calendar Year	2017	2018	2019	2020	2021
Calls for Service	8,193	6644*	5713	4581	8043
Arrests	211	190*	154	38	115
Volunteer Hours Worked	339	0	0	0	0

* These numbers do not include every contact with citizens regarding civil or criminal matters. Police Officers are contacted on the street and at the Police Department multiple times each week where police report numbers are not drawn. We also spend time assisting other agencies like Department of Human Service Child and Seniors, which do not always draw a case number. Case Numbers are drawn when there is a report to be written. During the transition from CMI Computer Software to Eforce Software we unfortunately lost some tracking tools and the numbers for a couple months were skewed.

MUNICIPAL BUSINESS PLAN

MUNICIPAL COURT

DEPARTMENT ACTIVITIES AND SERVICE LEVEL DESCRIPTION

The City began a Municipal Traffic Court in March of 2021. Court is held once a month, on the 2nd Tuesday of the month, at 3:00 P.M. The City also continues to operate a Municipal Court which focuses on the enforcement of City Ordinances. This Court meets on an as-needed basis. The Municipal Judge for both Courts is a contracted position appointed by the City Council.

Funding

The Municipal Courts are operated out of the General Fund. Funding is provided primarily from revenues derived from fines and forfeits charged by the Municipal Courts. In addition to the revenue generated by local traffic and code enforcement, a percentage of revenues are collected by District and Circuit Courts and deposited into the City's General Fund as required by State statutes.

STAFFING LEVELS:

The Municipal Court Judge is a contracted position. For the code enforcement Court, the Police Administrative Assistant serves as staff. For the Traffic Court, the Finance Director serves as the Court Administrator and the City Recorder serves as the Court Clerk.

Municipal Court – Code Enforcement

Number of violations cited in 2021:	3
Number of Hearings in 2021:	4

Municipal Court – Traffic

Number of citations written for 2021 Court Dates: 302

MUNICIPAL BUSINESS PLAN

FIRE

DEPARTMENT ACTIVITIES AND SERVICE LEVEL DESCRIPTION

Under the direction of the City Council, the Administrative Services Department is responsible for securing/providing Fire Department services for the City of Bandon.

Fire protection services are provided to the residents of Bandon through a contract with the Bandon Rural Fire Protection District.

The Bandon Rural Fire Protection District is an independent taxing district. Offices are located at 555 Oregon Avenue, Bandon, Oregon 97411.

Funding

The Contract for Fire Department services is paid out of the General Fund.

STAFFING LEVELS

The City of Bandon coordinates activities with the Bandon Rural Fire Protection District. The City does not employ any fire department personnel.

MUNICIPAL BUSINESS PLAN

WATER TREATMENT

DEPARTMENT ACTIVITIES AND SERVICE LEVEL DESCRIPTION

The primary function of the Water Treatment Department is to provide a high-quality supply of clean drinking water and a dependable supply of water for fire suppression.

Water treatment consists of the water treatment plant, a settling pond, two pump stations and 1,000,000 and 2,000,000-gallon storage tanks. Water is drawn from Ferry and Geiger Creeks and pumped to a settling pond. It is then pumped to the treatment plant where it is treated, disinfected, pumped to the storage tanks and then gravity fed to the City. The plant can treat 1,400 gallons of water per minute (2 million gallons per day). The City's peak water demand has been as high as 1,500 gallons per minute. The daily consumption ranges from a high of 1.1 million gallons per day for summer use to 300,000 gallons per day for winter use.

The water distribution system (mains and lines) is operated in conjunction with the Public Works Department.

Funding

The activities of the Water Department are operated primarily out of the Water Fund and are financed by revenues collected from the sale of water to utility customers. The revenues collected through System Development Charges (SDC's) for new water installations are deposited into the Water SDC fund for use in various improvement projects to upgrade and expand the capacity of the water treatment and distribution system.

The voters passed a General Obligation Bond Measure in the November 2019 Election. The Bond was authorized by Council for sale on Resolution 21-03 on February 1, 2021, in the amount of \$5,500,000. Water Treatment's portion of the sale proceeds are \$950,000, for improvement to Clarifier 2.

PRIOR YEAR ACCOMPLISHMENTS 2021-2022

- Installed a gate at the entrance of the facility.
- Continue building retaining walls on grounds for erosion control.
- Continue to operate plant in safe and cost-effective manner.
- Continue cross training water/wastewater personnel on operations and maintenance of water treatment plant.
- Acquire Level III certifications for plant operators.
- Work with Dyer Engineering on conservation management plan.
- Continue to work with Dyer Engineering and other entities on raw water storage reservoir and / or well field.
- Complete all testing as required by the State of Oregon.
- Continue with annual flushing of the City's distribution system.

MUNICIPAL BUSINESS PLAN

DEPARTMENT OBJECTIVES FOR 2022-2023

- Install Backup Generators for emergency operations.
- Install seismic valves on 2-million-gallon reservoir and rehabilitate the interior as needed for Seismic Valve installation.
- Rehabilitate the exterior of the 2-million-gallon reservoir.
- Continue to work with Dyer Engineering and other entities on raw water storage reservoir.
- Complete all testing as required by the State of Oregon.
- Continue with annual flushing of the City's distribution system.
- Continue building retaining walls on grounds for erosion control.
- Continue cross training water/wastewater personnel on operations and maintenance of water treatment plant.

MUNICIPAL BUSINESS PLAN

WASTEWATER TREATMENT

DEPARTMENT ACTIVITIES AND SERVICE LEVEL DESCRIPTION

The primary function of the Wastewater Department is to operate and maintain the wastewater treatment plant and ensure compliance with all state and federal regulations related to sewage treatment, disposal, and discharge.

Sewage is collected by a network of sewer lines and seven pump stations throughout the community. When the sewage reaches the plant head works it is run through pre-treatment (muffin monster) and then into an aeration basin, there it is treated by the activated sludge process. Treated sewage is then run into the clarifier where it settles and the supernate is run through a disinfection (UV) system and into the Coquille River. The sludge is pumped into the aerobic digesters and allowed to digest for at least 60 days. After that it goes through a dewatering process. This process reduces the cost of disposing of the sludge.

The Wastewater Treatment Plant has a peak design capacity of 3.2 million gallons per day. Current average daily flows are 364,667. gallons per day. The plant could be expanded to a maximum average capacity of 1.7 million gallons per day. Bandon's wastewater facility treated 122,306,000 gallons during calendar year of 2019.

The sewage collection system (sewer mains and lines) are operated and maintained in conjunction with the Public Works Department.

Funding

The activities of the Wastewater Department are operated primarily out of the Sewer Fund and are financed by revenues collected from the sale of sewage treatment services to utility customers. The revenues collected through System Development Charges (SDC's) for new sewer installations are deposited into the Sewer SDC fund for use in various improvement projects to upgrade and expand the capacity of the sewage collection and treatment system.

The voters passed a General Obligation Bond Measure in the November 2019 Election. The Bond was authorized by Council for sale by Resolution 21-03 on February 1, 2021, in the amount of \$5,500,000. Water Treatment's portion of the sale proceeds are \$4,550,000, for headworks, Fillmore pump station, plant uv improvements and to fund inflow and infiltration study projects 4, 5, 9 and 11 capital projects.

PRIOR YEAR ACCOMPLISHMENTS 2021-2022

- Continue to meet DEQ permit standards.
- Continue ongoing training and acquiring certification requirements for wastewater personnel.
- Continue operating plant at peak optimum levels.
- Manhole and line replacement
- Increase grease trap inspections as per the City's ordinance.

MUNICIPAL BUSINESS PLAN

- Continue operating plant in safe effective manner.
- Training of wastewater personnel in water plant operations.

DEPARTMENT OBJECTIVES FOR 2022-2023

- Continue to meet DEQ permit standards.
- Continue ongoing training and acquiring certification requirements for wastewater personnel.
- Continue operating plant at peak optimum levels.
- Continue planning for headworks system upgrade. (CIP)
- Continue planning for Replacement of Fillmore pump station. (CIP)
- Continue planning for U.V. system improvements. (CIP)
- Continue operating plant in safe effective manner.
- Training of wastewater personnel in water plant operations.

MUNICIPAL BUSINESS PLAN

PUBLIC WORKS

DEPARTMENT ACTIVITIES AND SERVICE LEVEL DESCRIPTION

The Public Works Department is responsible for maintenance of City streets and drainage facilities, water distribution system, sewage collection system, and parks and recreation facilities. Street Maintenance involves grading, graveling, pothole patching, shoulder mowing, and sweeping all City streets; maintaining city rights-of-way; and maintaining and cleaning all main storm drain lines, catch basins, and drainage ditches. Park Maintenance includes repair, cleaning, and maintenance of various recreational facilities such as the City Park restrooms and playground equipment, Community Center, City Hall and other building maintenance, removal of downed trees and vegetation, and mowing City property. Sewer System Maintenance involves locating sewer laterals, routine inspection of sewer lines, and flushing obstructions from blocked sewer lines. The Department also works closely with contractors to ensure proper installation of lines and taps in accordance with DEQ regulations. Water System Maintenance involves locating main lines, repair of water distribution lines, periodic main line and fire hydrant flushing, installing and maintaining water meters and ensuring that all work, whether installed by City crews or private contractors, is undertaken in compliance with applicable Health Division regulations. The Public Works Department is also responsible for monthly reading of all water meters for water utility billing.

Funding

The street and drainage maintenance activities of the Department are funded primarily by the General Fund and the State Tax Street Fund. Most major capital improvement projects are funded from the Local Option Street Tax Fund, Capital Improvement Fund and the Street SDC Fund. Parks and recreation funding is primarily through the General Fund and the Parks and Recreation Fund, with the Electric Fund contributing money for operation of the Summer Recreation Program. Water and sewer system activities and water meter reading are funded by the Water Fund and Sewer Fund respectively, with those revenues coming from the sale of water and sewer services to utility customers.

In addition to the normal daily operation and maintenance of the streets, water distribution system, sewage collection system, and parks and recreation facilities, the Public Works Department completed the following projects in FY 2021-22

Street Department

- Continued maintaining and improving storm drainage system.
- Continued updates to the Infrastructure Mapping.
- Completed replacement of culvert on Three Woods Drive.
- Continued improvement to South Jetty Path on Edison and 1st Street Endcap.
- Completed paving projects, at
 - Beach Loop and Johnson Creek;
 - o 3rd Street southeast of June to Harlem;
 - o Oregon Avenue to Monkey Hill;
 - o River Road repairs due to roots lifting pavement; and

MUNICIPAL BUSINESS PLAN

• Fillmore from 13th Street to 11th Street.

Parks Department

- Continued ongoing equipment maintenance.
- Continued to assist Parks and Recreation Commission with improvements to parks, as noted in the Parks Master Plan.
- Continued improvement of the irrigation in the Southwest corner of City Park.
- Completed reorientation of Baseball field at City Park.

Wastewater Collection Department

- Continued Inflow and Infiltration repairs.
- Continued training all employees on safety programs and all DEQ mandated rules.
- Continued regular main line flushing.
- Continued ongoing equipment maintenance.

Water Distribution Department

- Continued mainline maintenance and flushing.
- Continued hydrant upgrade and replacement.
- Continued main line valve cycling.
- Continued ongoing equipment maintenance.
- Replaced and relocate hydrant at 13th and Highway 101 to be ADA compliant.

DEPARTMENT OBJECTIVES FOR 2022-2023

In addition to the normal daily operation and maintenance of the streets, water distribution system, sewage collection system, and parks and recreation facilities, the Public Works Department anticipates undertaking the following projects

Street Department

- Complete culvert improvements, by
 - Replacing culvert on beach access road;
 - Replacing culvert at 7th Street SW and Beach Loop; and
- Begin drainage improvement in the Gross Creek drainage between 13th St SW and 1st St SW, if funding is available.
- Build reserve funds for Gross Creek Culvert replacements.
- Continue maintaining and improving storm drainage system.
- Continue updating the Infrastructure Mapping.
- Continue installing ADA sidewalk corner ramps city wide.
- Perform street improvements on Oregon Ave from 1st St 4th St.
- Repair/replace Ferry Creek Bridge at Riverside Dr.
- Continue Improve South Jetty Path.

MUNICIPAL BUSINESS PLAN

Parks Department

- Continue ongoing equipment maintenance.
- Begin Jetty Walkway and Madison Avenue pedestrian/bicycle pathways, if funds are available.
- Complete segments of the Bandon pedestrian/bicycle loop, as funds become available.
- Continue to assist Parks and Recreation Commission with improvements to parks, as noted in the Parks Master Plan.
- Continue improvement to the irrigation in the Southwest corner of City Park.

Wastewater Collection Department

- Recoat/rehabilitate manholes.
- Continue Inflow and Infiltration repairs.
- Continue training all employees on safety programs and all DEQ mandated rules.
- Continue regular main line flushing.
- Continue equipment maintenance.
- Replace mainline in alley between 10th St SW and 11th St SW off Franklin Ave (east side).

Water Distribution Department

- Continue mainline maintenance and flushing.
- Continue hydrant upgrade and replacement.
- Continue main line valve cycling program.
- Continue equipment maintenance program.
- Build reserve funds to replace Ohio Ave SE water line (new HDPE line), if funds are available.

MUNICIPAL BUSINESS PLAN

ELECTRIC

DEPARTMENT ACTIVITIES AND SERVICE LEVEL DESCRIPTION

The Electric Department is responsible for a safe and reliable source of power to residential, commercial and industrial customers. The Bandon Electric service area includes Bandon and extends from the Coquille River south to Denmark, and from the Pacific Ocean east on 42-S to the Fish Hatchery, and along both sides of US Highway 101.

The City purchases power from Bonneville Power Administration (BPA) and takes delivery at 3 step-down substations located at Bill's Creek, Two Mile and Langlois. From these delivery points the Electric Department distributes approximately 5,917,417 kwh of power to 4,051 customers per month.

The Electric Department is charged with the maintenance of all electric lines, buildings, vehicles and apparatus used to distribute power to its customers. When the budget permits, the Department undertakes additional system upgrade work, such as replacement of overhead with underground lines.

Funding

The activities of the Electric Department are operated primarily out of the Electric Fund and are financed by revenues collected from the sale of electric power to utility customers.

PRIOR YEAR ACCOMPLISHMENTS 2021-2022

- Continued with educational programs, promoting a safe working environment.
- Extend service lines into "joint service areas."
- Continued convert existing overhead lines to underground.
- Continued replacing electric meters with meters that have remote read capabilities, as the budget permits.
- Assisted customers to move electric meters from hazardous locations to safe and accessible locations.
- Further implement on the weatherization and conservation program.
- Continued pole testing and treatment program.
- Cope Lane overhead rebuild.
- VFI repair on Michigan Avenue.
- New conduit for Seabird Village.

DEPARTMENT OBJECTIVES FOR 2022-2023

- Continue with educational programs, promoting a safe working environment.
- Cope Lane, Edna Lane and Goss Road overhead rebuild.
- Extend Town circuit to include Jetty area and 8th Street and Franklin.
- Replace hi voltage cabinets and wire from Harrison and 10th to 11th and Lincoln.
- Replace duct and wire on Edison from 4th to Jetty Road.
- New wire and direction of feed for Ocean Trails Subdivision.
- Bates Road overhead line rebuild.

MUNICIPAL BUSINESS PLAN

PLANNING

DEPARTMENT ACTIVITIES AND SERVICE LEVEL DESCRIPTION

The mission of the Department is to manage the current and long-range planning activities within the City to achieve the optimum pattern of urban development and ensure a high quality of life as defined by the community. Private and public-sector activities are guided by various plans and documents, but principally through the City's Comprehensive Plan and the Bandon Municipal Code, Titles 16 and 17. The Department provides information and assistance to the public at all levels of project planning, as well as dealing with everyday zoning and land use inquiries. Building permits are issued and building code inspections are performed by the Oregon Building Codes Division. The Planning Department does zoning compliance reviews for Building Codes and maintains a separate review process for zoning compliance and enforcement. The Department is also responsible for long-range planning, the cornerstone of the community's vision for the future. This is accomplished through the Comprehensive Plan and special area studies, and affects a wide variety of issues, particularly infrastructure and transportation planning.

The Planning Department supports the Parks and Recreation Commission, with the Planning Manager and Planning Technician attending meetings, preparing documents and plans for the Commission. The planners, with the Parks and Recreation Commission, maintain the City's Tree City USA designation by organizing Arbor Day activities, Earth Day and SOLVE events, and other special activities supported by the Commission.

Funding

The Planning Department is funded primarily out of the General Fund. In July 2020, the Council adopted a new Planning Fee Schedule, which has increased the percentage of our budget recovered by development fees.

PRIOR YEAR ACCOMPLISHMENTS (2021-2022)

- Continued updating Zoning Ordinance in accord with direction from Planning Commission and City Council priorities, providing greater clarity and definition. As part of an annual work program, working towards adoption of Mobile Food Unit Ordinance and Code Cleanup Ordinance.
- Held annual City Council/Planning Commission joint strategic planning session.
- Updated new fee schedule.
- Continued work on City Park Reforestation Plan. Planted 100 trees with community in November. Received grant funding to support a native tree mural in City Park, as part of the annual Arbor Day celebration.
- Received a grant to update the Housing Needs Analysis and Buildable Lands Inventory sections of the City's Comprehensive Plan. Prepared RFP for consultant team.
- Received a grant to update the City's Transportation System Plan. Working with ODOT to refine scope and hire consultant.
- Received a Planning Assistance Grant from DLCD for coastal public access project (Goal 17).

MUNICIPAL BUSINESS PLAN

DEPARTMENT OBJECTIVES FOR 2022-2023

- Prepare and adopt annual work plan for the Planning Department.
- Continue updating and revising the City's development regulations, as needed.
- Continue providing outstanding customer service to the development community and the public.
- Update the Housing Needs Analysis and Buildable Lands Inventory components of the City's Comprehensive Plan and adopt a Housing Strategy Implementation Plan to address housing needs in Bandon.
- Begin work on the Transportation System Plan update.
- Support the work of the Vegetation Management Coordinator and the Gorse Action Group in the ongoing effort to eradicate Gorse within the Bandon area.
- Hold an annual City Council/Planning Commission joint strategic planning work session.
- Continue implementation of a Geographic Information System program. Work with a consultant to implement an online GIS program to include zoning, infrastructure, and planning maps.
- Pursue appropriate grant opportunities for the department, including for a City Park Master Plan, trail plan and infrastructure funding, public art opportunities, and grants related to Goal 17, as needed.
- Effectively coordinate work activities with appropriate city departments.
- Engage the public in meaningful discussions regarding the future of Bandon. Conduct community outreach as needed by utilizing the Committee for Community Involvement.
- Support on-going education and training for staff by attending conferences, webinars, and meetings.
- Update website to increase transparency, make public documents more accessible, and encourage more public involvement.

LIBRARY

DEPARTMENT ACTIVITIES AND SERVICE LEVEL DESCRIPTION

The purpose of the Bandon Public Library is to obtain, organize and make conveniently available a wide range of informational, educational and recreational materials and programs. Library services provided include physical and digital circulated items, computers for public use, and internet access; as well as a broad range of programs for all ages.

The Bandon Public Library is a member of the Coos County Library Service District, which receives its funding through a dedicated tax base. The library is also a member of the broader Coastline Library Network, who work together to share a catalog, materials, and patrons throughout the South Coast.

Funding

The library is operated primarily out of the library fund, which receives most of its revenues from the Coos County Library Service District. Additional funds for programs, materials, and special projects are supplied by the Bandon Library Friends and Foundation.

PRIOR YEAR ACCOMPLISHMENTS 2021-2022

- New community partnerships initiated.
- Authority control collaboration for Coastline Catalog complete.
- Weeding of entire collection complete.

DEPARTMENT OBJECTIVES FOR 2022-2023

- Increase library programming.
- Continue to increase collaborations with community partners.
- Complete self-checkout system project.
- Create a three-year Strategic Plan.

MUNICIPAL BUSINESS PLAN

COMMUNITY CENTER (Barn)

DEPARTMENT ACTIVITIES AND SERVICE LEVEL DESCRIPTION

The purpose of "The Barn" is to provide a facility for community meetings, gatherings and special events at a reasonable cost to Bandon City Residents. The facilities also provide a venue for visiting conferences and other for-profit activities, as the calendar permits.

The Barn is also home to the Bandon Senior Center, Dial-a-Ride and hosts the Bandon "EATS" program, which provides a hot meal to participants every Tuesday evening.

The Barn includes a large meeting room than can be divided into four smaller meeting areas, a large commercial kitchen, large dining room, senior center room, a bridal room, restrooms and generous circulation areas.

The configuration allows for simultaneous use for several different functions.

Funding

The Community Center (Barn) is operated primarily out of the General Fund, which receives most of its revenues from property taxes, utility taxes, transient occupancy taxes, and utility in-lieu taxes. User fees make up a small portion of the operating budget.

PRIOR YEAR ACCOMPLISHMENTS 2021-2022

- Survive the pandemic shutdowns.
- Increase marketing efforts to bring more use, conventions, meetings, weddings, etc.
- Review usage pricing to ensure there are minimal hurdles to local community use.
- Continue to update the web page and improve on-line application process.

DEPARTMENT OBJECTIVES FOR 2022-2023

- Increase marketing efforts to bring more use, conventions, meetings, weddings, etc.
- Review usage pricing to ensure there are minimal hurdles to local community use.
- Continue to update the web page and improve on-line application process.

STAFFING LEVELS

The Barn is managed by one contract employee. Maintenance support is provided by the Public Works department.

MUNICIPAL BUSINESS PLAN

SPRAGUE THEATER

DEPARTMENT ACTIVITIES AND SERVICE LEVEL DESCRIPTION

The primary purpose of Sprague Theater is to provide a venue for community theatrical productions, concerts, visiting performances, and other cultural performances. The theater also provides a more formal space for stand-alone meetings or for use in combination with the Barn's convention facilities. Construction of the facility was initiated and brought to fruition by the Bandon Lions Club, who remain staunch supporters of the facility today. The facility was eventually donated to the City of Bandon.

The Sprague Theater is home to several community-based organizations who collectively comprise the Bandon Arts Council. These organizations include Bandon Showcase, the Bandon Playhouse, Marlo Dance Studio and New Artist Productions. It is also used by other community organizations, such as the Bandon School District as a venue for special performances and activities.

Funding

The Sprague Theater is operated primarily out of the General Fund, which receives most of its revenues from property taxes, utility taxes, transient occupancy taxes, and utility in-lieu taxes. User fees account for a small portion of the operating cost. Supplemental funding, is received from time to time, for special projects or improvements to the facility.

PRIOR YEAR ACCOMPLISHMENTS 2021-2022

• The Sprague Theater was shut down for the bulk of the fiscal year, but was able to host a few, socially-distanced events.

DEPARTMENT OBJECTIVES FOR 2022-2023

- Traditional activities and events will continue to be supported and encouraged.
- Coordination with community organizations involved with the performing arts will also continue.
- Increased outreach and marketing efforts will also be employed to encourage local usage, increase the number of cultural experiences available to local residents, and to fill open dates on the events calendar.

STAFFING LEVELS

The Theater is managed by one contract employee. Maintenance support is provided by the Public Works Department.

CAPITAL IMPROVEMENT PROGRAM

CHAPTER 4

This section contains an outline of all major capital projects planned for fiscal year 2018-2019. Those projects which are contained in the Capital Improvement Plan are designated with "CIP" in the budget document pages.

CAPITAL IMPROVEMENT PROGRAM

OVERVIEW

FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM

It is the practice of the City of Bandon to develop, maintain and revise when necessary, a continuing Capital Improvement Program (CIP). This CIP covers a five-year planning horizon and identifies facility and infrastructure projects and major equipment and vehicle purchases that the City will undertake during this timeframe. Funding sources are also identified, where known.

BUDGET HIGHLIGHTS

Notable projects include

- New Ferry Creek Bridge This project will include the design, development and construction of a new bridge to replace the existing Ferry Creek Bridge, which is no longer capable of sustaining its design capacity. This project has been approved for approximately 90% funding through the Oregon Department of Transportation. The City will be responsible for a 10% match and any work that may be accomplished outside the funded scope of the project. Design engineering is scheduled for 2018 and construction is expected to begin in late 2019 or early 2021.
- Jetty Park and Jetty Park Trail Projects are planned to improve the connection between Old Town and the Jetty Park. These projects would improve parking and drainage within the Park and construct a formal walking/biking path between Old Town and the Jetty Park area.

The Capital Improvement Program is intended to be a working document and therefore is subject to periodic revision, as City priorities may change and identified funding sources may become available earlier, later or become unavailable.

CAPITAL IMPROVEMENT PROGRAM

DISTRICT 1	. Page 144
DISTRICT 2	. Page 146

URBAN RENEWAL AGENCY DISTRICT #1 AND #2

Urban Renewal Budget Message

DATE	25 April 2022
ТО	Urban Renewal Agency Budget Committee
FROM	Dan Chandler, Urban Renewal District Manager and Budget Officer
SUBJECT	FY 2022-2023

The City of Bandon has two Urban Renewal Areas. Area 1 was established in 1987 and encompasses Old Town, the Woolen Mill area and the South Jetty. Area 2 was established in 1990 and encompasses City Park, the surrounding residential neighborhoods, and 11th Street. The combined total proposed fiscal year 2022-2023 Urban Renewal budget for Area 1 and Area 2 is \$2,348,386. This year, contingencies have been reimplemented in the Urban Renewal Funds.

If time and resources allow, we intend to commence updates to both urban renewal plans over the next two fiscal years.

URBAN RENEWAL AREA 1

The total proposed budget for Area 1 is \$1,258,710, which is 54,143 less than the previous fiscal year budget of \$1,312,853. Projects accounting for the differences includes the beginning of the endcaps for the South Jetty Park trail.

As required by Measure 50 implementation regulations, a Substantial Amendment was made to the Urban Renewal Plan in 1998. That amendment set the maximum amount of indebtedness at \$5,375,225 for Area 1. In 2012, another Substantial Amendment was prepared and approved for the Area 1 Plan, which added projects and increased the maximum amount of indebtedness to \$12,003,980. The increase did not raise property tax rates but was accomplished by extending the time Area 1 will continue to collect revenues from the overlapping taxing districts by 12 years, from 2021 to 2033.

The proposed budget includes proposed Materials and Services expenditures of \$126,338 and includes Legal, Consulting, Audit, Accounting, and Administrative Service costs. The Capital portion of the budget is \$544,257 which includes \$70,000 for the Façade/Sign Loan Program and \$474,257 for other Capital projects. The ending fund balance is \$192,522.

The total Debt Service budget is \$395,593, including \$195,593 for debt service principal and interest payments, and \$200,000 for Bond Reserve (additional principal and interest), which serves as a reserve for subsequent fiscal years.

URBAN RENEWAL AGENCY DISTRICT #1 AND #2

URBAN RENEWAL AREA 2

The total proposed budget for Area 2 is \$1,089,676. This is higher than the previous fiscal year budget of \$986,569. Reasons for this increase is a higher beginning balance, which resulted from an adjustment in fund balance, due to the completion of prior financial statements and audits.

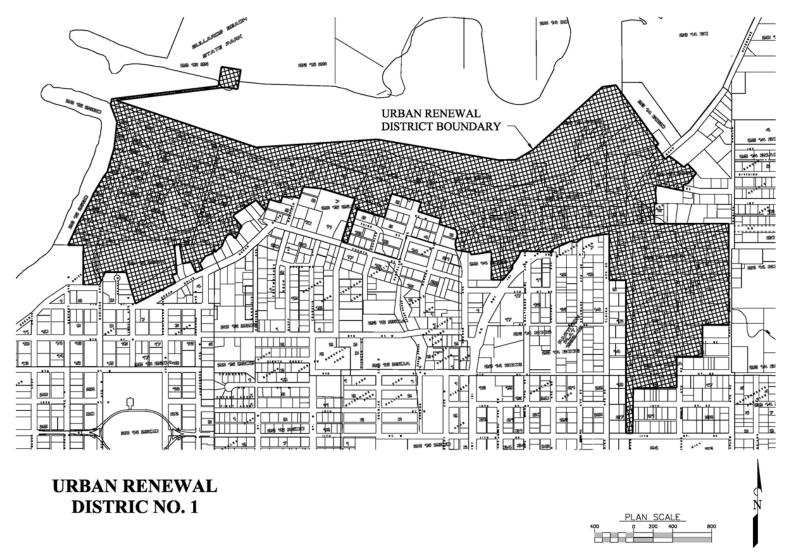

As required by Measure 50 implementing regulations, a Substantial Amendment was made in 1998 to the Urban Renewal Plan. That amendment set the maximum amount of indebtedness at \$7,314,821 for Area 2. In 2012, a Minor Amendment was approved for the Area 2 Plan, which added eligible projects, but as a "minor amendment" did not increase the maximum amount of indebtedness beyond \$7,314,821.

The proposed budget includes Materials and Services expenditures of \$65,862 and includes Consulting, Audit, Accounting and Administrative Services, Bank Trust Fees and other Miscellaneous expenditures.

The Capital portion of the proposed budget is \$1,009,403 which is intended to address Capital projects within the UR District. The contingency is \$0.

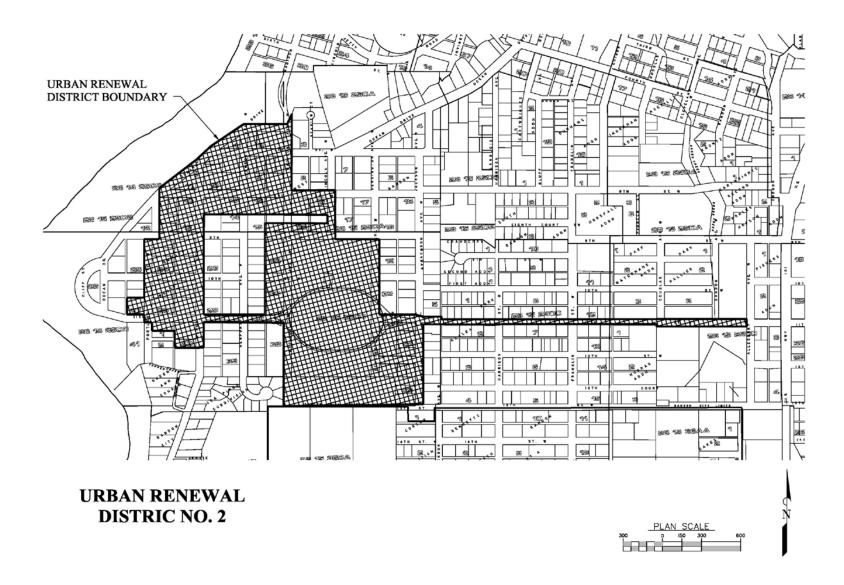

The total Debt Service budget is \$14,411 for loan principal and interest payments, and \$0 in Bond Reserve (additional principal and interest) as the Bond will be paid off during Fiscal Year 2022-23.
