

OPEN HOUSE EVENT

BANDON DOWNTOWN PARKING AND STREETScape CONCEPT

WHAT IS THE PROJECT?

The City of Bandon is leading a Downtown Conceptual Design Process to look at options to improve the downtown and make it an attractive, walkable and bikeable destination that will appeal to both residents and visitors. The conceptual design will serve as a blueprint to incorporate area history, attract business, create jobs and bring people to the downtown.

WHO IS WORKING ON IT?

The City of Bandon and the URA hired a consultant team to assist with this process. The Design Team is made up of DLA (Landscape Architects), Sandow Engineering (Transportation & Lighting Engineer), Hopper Illustrator (Buildings / Illustration Designer) and KPFF (Civil Engineers).

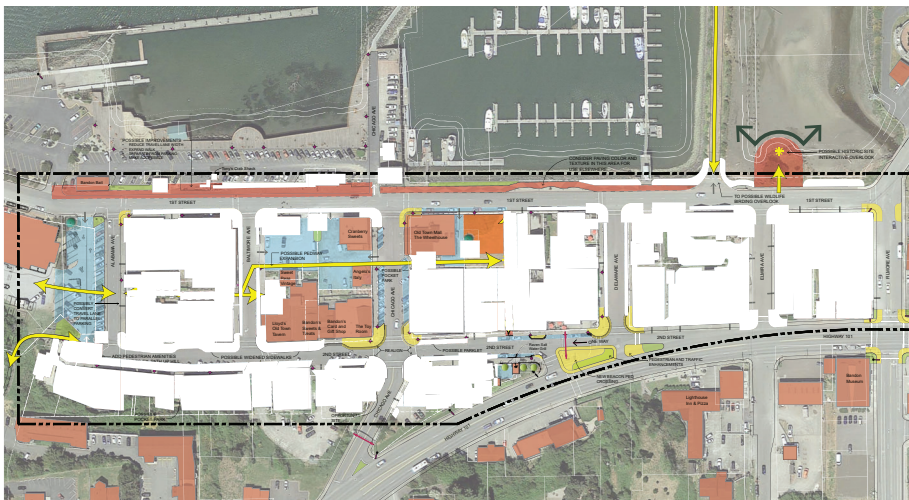

HOW CAN I GET INVOLVED?

Come and join us for an

OPEN HOUSE EVENT

Location: Library Sprague Room, 1204 11th St SW

When: August 22nd, 4:00 - 6:00 PM.
