#### 5.12.030 Grant of Franchise.

- B. Nothing in this Franchise shall be construed to authorize, prohibit or condition Grantee from offering any service over its Cable System that is not prohibited by Federal or State Law.
- C. Nothing in this Franchise shall be construed to prohibit Grantor from granting to other Persons rights, privileges or authority the same as, similar to or other Streets by franchise, permit or otherwise, subject to Equal Protection

##### Equal Protection:

The Grantee acknowledges and agrees that the Grantor may be required by federal law, and reserves the right, to grant one or more additional franchises to provide Cable Service within the Service Area. If any other provider of Cable Services or video services (without regard to the technology used to deliver such services) is lawfully and expressly authorized by the Grantor to use the Streets to provide such services and if the material obligations applicable to Grantee are more burdensome or less favorable than those imposed on any such competing provider, then upon thirty (30) days prior written notice to the Grantor, the Grantee shall have the right and may choose, to the extent consistent with applicable State and Federal laws and orders and rules adopted pursuant thereto:

- A. To modify this Franchise to the mutual satisfaction of Grantor and Grantee; or
- B. To deem this Franchise expired thirty-six (36) months from the date of the above written notice; or
- C. To terminate this Franchise and take in its place the same franchise agreement of a competing provider of Cable Services or video services authorized by the Grantor

The Grantor and the Grantee agree that any undertakings that relate to the renewal of the Grantee's Franchise with the Grantor shall be subject to the provision of Section 626 of the Cable Act (47 U.S.C. § 546) or any such successor statute. Nothing in this Franchise shall impair the right of the Grantor or Grantee to seek other remedies available under law.

##### Police Powers:

Notwithstanding any other provision of this Franchise, Grantee's rights are subject to the police powers of Grantor to adopt and enforce ordinances necessary for the safety, health and welfare of the public ("Police Powers").

Grantee agrees to comply with all applicable laws, ordinances and regulations adopted under the Police Powers of Grantor. This Franchise is a contract and except as to those changes that are the result of the Grantor's lawful exercise of its Police Powers, the Grantor may not take unilateral action that materially changes the explicit mutual promises in this contract. All changes to this Franchise must be made in writing signed by the Grantee and the Grantor. In the event of any conflict between an explicit mutual promise of this Franchise and an explicit provision of any Grantor ordinance or regulation, this Franchise shall control. Grantee specifically reserves the right to challenge any terms, conditions or provisions of local law if Grantee believes such are in conflict with its contractual rights under this Franchise or are not a lawful exercise of the Grantor's Police Power. For purposes of this paragraph, a "conflict" shall exist only to the extent the Grantor ordinance or regulation has the effect of limiting the benefits or expanding the obligations of the Grantee that are granted by this Franchise.

#### Transfer/Assignment:

Subject to Section 617 of the Cable Act (47 U.S.C. § 537), the Franchise granted hereunder shall not be assigned, other than to an Affiliate of the Grantee, without the prior written consent of the Grantor, and such consent shall not be unreasonably withheld or delayed. Granter may condition its consent upon terms and conditions relating to the legal, financial and technical qualifications of the proposed transferee. No such consent shall be required, however, for a transfer in trust, by mortgage, by other hypothecation, or by assignment of any rights, title, or interest of the Grantee in the Franchise or Cable System to secure indebtedness. Within thirty (30) days of receiving a request for transfer as required in the Cable Act and related FCC rules and regulations, the Granter shall notify the Grantee in writing of any additional information it reasonably requires to determine the legal, financial and technical qualifications of the transferee. If the Granter has not taken action on the Grantee's request for transfer within one hundred twenty (120) days after receiving such request and all information required by the Granter pursuant to this Section 3.4, and the Cable Act, consent by the Granter shall be deemed granted.

#### Violations of Franchise; Procedures, Notice & Cure:

- A. If Granter believes that Grantee has failed to perform any obligation under this Franchise, the Granter shall first informally discuss the matter with Grantee. If these discussions do not lead to resolution of the problem, Granter shall follow the procedures set forth herein:
  1. Granter shall notify Grantee in writing of any alleged violation ("Violation Notice") which notice shall include the exact nature of any alleged violation (the "Violation Notice") and a request for cure of such violation.
  2. Grantee shall have thirty (30) days from the date of receipt of the Violation Notice to respond in writing, indicating that Grantee:

a. Has cured the alleged violation, providing reasonable documentation or detailed explanation demonstrating that the alleged violation has been cured;

b. Has commenced, or will commence actions to cure the alleged violation, but that the alleged violation cannot reasonably be cured immediately, describing the steps taken or to be taken to cure the alleged violation; or

c. Contests the Violation Notice, stating the reasons therefore, and requesting a public hearing in accordance with this Franchise.

3. In the event that the Grantee notifies the Granter that it cannot cure the violation within the thirty (30) day cure period, Granter shall, within thirty (30) days of Grantor's receipt of such notice, determine whether the Grantee's proposed plan and completion date for cure are reasonable. In the event such plan and completion date are found in Grantor's sole discretion to be reasonable, the same may be approved by the Granter. Granter may, in its sole discretion, extend Grantee's cure period upon request by Grantee.

4. In the event that the Granter contends that the Grantee has failed to cure the violation within the thirty (30) day basic cure period, or within an extended cure period approved by the Granter pursuant to this Franchise, the Granter shall set a public hearing to determine whether the Grantee has committed a violation. The public hearing shall be within sixty (60) days of the end of the cure period.

a. In the case of any public hearing pursuant to this Section, Granter shall provide the Grantee at least twenty (20) days prior written notice of such public hearing, which specifies the time, place and purpose of such public hearing. Granter shall provide general notice of the public hearing in the same manner as it publishes other notices of the Granter.

b. At the public hearing, Grantee shall be provided an opportunity for full participation, including the right to be represented by legal counsel and to state its position on the matter. The public hearing shall be on the record. If Grantee provides the Granter written notice at least fifteen (15) business days prior to the public hearing, Granter shall make a written transcript available to the Grantee within ten (10) business days after the public hearing and the cost of the transcript shall be the sole responsibility of the Grantee.

5. Within fifteen (15) days following a public hearing on an alleged violation, Grantor shall issue a written report to Grantee on Grantor's decision and any showing that the Grantee has committed a violation and Grantor shall make written findings of fact relative to its determination, which Notice shall be sent to the Grantee according to this Franchise. If a violation is found, the Grantee may petition for reconsideration before any competent court having jurisdiction over such matters.

6. If, after the public hearing and any subsequent reconsideration, Grantor determines that a violation exists, Grantor may utilize one or more of the following remedies:

- a. Order Grantee to correct or remedy the violation within a reasonable time frame as Granter determines; and/or
- b. Commence an action at law or other equitable remedy available under this Franchise or any applicable law; and/or
- c. To the extent provided in Section 3.6, Granter may begin the process of revocation of Franchise in accordance with the provisions contained within this Franchise.

Revocation of Franchise:

- A. Prior to revocation or termination of the Franchise, Grantor shall give written notice to Grantee of its intent to revoke the Franchise on the basis of a pattern of noncompliance by the Grantee, including one or more instances of substantial noncompliance with a material provision of the Franchise. The notice shall set forth the exact nature of the noncompliance. The Grantee shall have sixty (60) days from such notice to either object in writing and to state its reasons for such objection and provide any explanation or to cure the alleged noncompliance. If the Grantor has not received a satisfactory response from Grantee, it may then seek to revoke the Franchise at a public hearing. The Grantee shall be given at least thirty (30) days prior written notice of such public hearing, specifying the time and place of such hearing and stating its intent to revoke the Franchise.
- B. At the hearing, Grantor shall give Grantee an opportunity to state its position on the matter, present evidence and question witnesses, after which it shall determine whether or not the Franchise shall be revoked. The public hearing shall be on the record and, if Grantee provides the Grantor written notice at least fifteen (15) business days prior to the hearing, Granter will make a written transcript available to the Grantee within ten (10) business days after the hearing, and the cost of the transcript shall be the sole responsibility of the Grantee. The decision of the Granter shall be made in writing and shall be delivered to Grantee. Grantee may appeal such determination to an appropriate court. Grantee may continue to operate the Cable System until all legal appeals procedures have been exhausted.
- C. Notwithstanding the above provisions, Grantee does not waive any of its rights under Federal law or regulation.
- D. In the event of a revocation of this Franchise, Grantee shall remove its Cable System from the Streets of Granter, or abandon the Cable System in place if permitted in writing by the Granter.

Revocation of Franchise:

The parties hereby agree that it is not the Grantor's intention to subject the Grantee to penalties, fine, forfeitures or evocation of the Franchise for violations of the Franchise where the violation was a good faith error that resulted in no or minimal negative impact on the Subscribers within the Service Area, or where strict performance would result in practical difficulties and hardship to the Grantee which outweighs the benefit to be derived by the Grantor

and/or Subscribers. It is in the Grantor's sole discretion to determine when a violation is a good faith error and/or to determine the hardship versus benefit.

**Retention & Inspection of Records:**

- A. Subject to the requirements of Section 631 of the Cable Act (47 U.S.C. § 551), all records that are legally permissible for release and that are reasonably necessary to ensure Grantee's compliance with the Franchise shall be made available by Grantee to Grantor or Grantor's representative, who has signed Grantee's Non-Disclosure Agreement, upon advance written notice to examine during normal business hours and on a nondisruptive basis. Such notice shall specifically reference the subsection of the Franchise that is under review so that the Grantee may organize the necessary books and records for easy access by the Grantor. The Grantee shall not be required to provide Subscriber information in violation of Section 631 of the Cable Act. To the extent permitted by law, the Grantor agrees to treat as confidential any books, records or maps that constitute proprietary or confidential information to the extent Grantee makes the Grantor aware of such confidentiality by marking each page as "confidential". If the Grantor believes it must release any such confidential books or records in the course of enforcing this Franchise, or for any other reason including compliance with the Oregon Public Records laws, it shall advise Grantee in advance so that Grantee may take appropriate steps to protect its interests. Until otherwise ordered by a court or agency of competent jurisdiction, including the district attorney, the Grantor agrees that, to the extent permitted by State and Federal law, it shall deny access to any of Grantee's books and records marked confidential, as set forth above, to any Person. Grantor shall have no obligation to pursue or defend an appeal of a decision by a court or agency of competent jurisdiction, including the district attorney, ordering the disclosure of any books and records.
- B. Financial Records. Grantee shall maintain financial records of its Gross Revenues and Grantee fee payments for audit purposes for a period no less than four (4) years.
- C. Service Calls/Complaints. Grantee shall maintain a record of all service calls and/or complaints for a minimum period of one (1) year.
- D. Other Records. Grantee shall maintain a full set of its plans, records and maps detailing the location of its Cable System within the Franchise Service Area.

**5.12.040 Street Occupancy.**

- A. Nothing in this Franchise shall be construed to prevent any public work of the Grantor or other utility occupying the Streets of the Grantor.
- B. Safety. Grantee shall at all times employ the standard of care attendant to the risks involved and shall use commonly accepted methods and devices preventing failures and accidents which are likely to cause damage.

- C. Damage or Disturbance. Grantee shall, at its own expense and promptly after discovery or notice from Grantor or other Person, restore any damage or disturbance caused to the Streets as a result of its operation, construction or maintenance of its Cable System to a condition at least as good as the condition of the Street immediately prior to such damage or disturbance.
- D. Existing Poles & Conduits. Grantee shall utilize existing poles, manholes, conduits and other like facilities whenever possible. Grantee may not construct or install new, different, or additional conduits or other underground or underground-related facilities within the Street without obtaining all legally required permits of the Grantor. Grantee may install in the Streets new or additional poles necessary for its Cable System in areas where there are no existing underground cable, telephone or electric facilities upon separate written permission from the Granter.
- E. Underground Construction. The facilities of the Grantee shall be installed underground in those areas of the Service Area where existing telephone and electric services (other than high voltage electric lines) are both underground at the time of system construction, or where there is insufficient space on existing poles for Grantee's facilities. Grantee shall, in cases of new Street construction where all other utilities (except high voltage electric lines) are required by Granter to be placed underground, place its facilities underground. Grantee shall install its facilities prior to the completion of any new or to be reconstructed or resurfaced Streets to avoid damage to the newly constructed/reconstructed Streets when Granter has afforded reasonable advance notice.
- F. Minimum Interference. All transmission lines, equipment and structures of Grantee's Cable System shall be installed and located so as to cause reasonably minimum interference with the rights and appearance and reasonable convenience of property owners who adjoin any Street and at all times shall be kept and maintained in a safe condition and in good order and repair.
- G. Vegetation Removal. Grantee may trim or remove any vegetation within the Streets, at its expense, as may be necessary to protect its wires and facilities, subject to any permit required by Granter and local codes and ordinances.

Work by Grantor; Cable System Relocation:

- A. Relocation for Granter. Grantee shall, at its own expense, temporarily or permanently disconnect, relocate or remove any portion of its Cable System, including relocation from aerial to underground locations, when required by Granter by reason of Street construction, widening or repair, including sidewalks; traffic conditions; public safety; Street vacations; installation or repair of public facilities or utilities, or any other public purpose as determined by the Granter pursuant to its police power. In the event of a request for a permanent relocation, disconnection or removal, Granter shall advise

Grantee in writing as soon as reasonably possible, but not less than forty-five (45) days prior to the date for relocation, disconnection or removal. In the event of a request for a temporary relocation, disconnection or removal, Granter shall give Grantee no less than ten (10) business days advance written notice.

- B. Failure to Remove or Relocate. Should Grantee fail to remove or relocate any facilities as required in this Section 4.2, the Granter may cause such work to be done by a qualified contractor and the costs thereof, including reasonable costs and expenses incurred due to Grantee's delay, shall be paid by Grantee, subject to any reimbursement required in Section 4.2d.
- C. Relocation for a Third Party. The Grantee shall, on the request of any Person holding a lawful permit issued by the Granter, protect, support, raise, lower, temporarily disconnect, relocate in or remove from the Street as necessary any property of the Grantee, provided that the expense of such is paid by the permit holder and the Grantee is given reasonable advance written notice to prepare for such changes. The Grantee may require such payment in advance. For purposes of this subsection, "reasonable advance written notice" shall be no less than ten (10) business days in the event of a temporary relocation and no less than one hundred twenty (120) days for a permanent relocation.
- D. Reimbursement of Costs. If Granter reimburses any Person that owns facilities in the Streets used to provide services in competition with Grantee's services provided pursuant to this Franchise for the cost of any of the foregoing, to the extent Grantee is required by the Granter to relocate for the same project, the Granter shall reimburse the Grantee in the same manner. If any Federal, State, and/or other funds become available for relocating purposes concerning a qualifying public project, and if such funds are available to Cable Operators, the Granter will assist the Grantee with the application for such funds to the extent Granter assists other utilities that own facilities in the Streets used to provide services in competition with Grantee's services provided pursuant to this Franchise with the application for such funds. Notwithstanding the immediately preceding sentence, the Granter has no obligation to seek or locate Federal, State, and/or other funds for relocating purposes.

**Construction & Technical Standards:**

- A. Grantee shall obtain all legally required permits and pay all required permit fees before commencing any work requiring a permit, including the opening or disturbance of any Street within the Service Area.
- B. Grantee shall adhere to the terms of the permits and all Grantor codes, ordinances, rules and regulations currently or hereafter applicable to Grantor Streets and/or construction, operation or maintenance of the Cable System within the Service Area, provided that such codes are of general applicability pursuant to Grantor's Police Powers.

- C. Grantee shall be responsible for ensuring that its Cable System is designed, installed and operated in accordance with good engineering practices and to meet the technical standards adopted by the FCC relating to Cable Systems contained in Part 76 of the FCC's rules and regulations as same may be amended. Grantee shall be at all times prepared to show, on advanced request by an authorized representative of the Grantor, that its Cable System complies with those applicable rules.
- D. Grantee shall conduct complete performance tests of the Cable System required by the FCC, and shall maintain the resulting test data on file for the duration of time required by the FCC. The test data shall be made available for inspection by the Grantor, upon advance notice.

5.12.050 Franchise Fees.

- A. Grantee shall pay to Grantor an annual Franchise Fee in an amount equal to five percent (5%) of Grantee's annual Gross Revenues. Payment of the Franchise Fee shall be made on a quarterly basis, within forty-five (45) days of the close of each calendar quarter. If agreed to in writing by the Grantor, which agreement may be revoked upon thirty (30) days notice by the Grantor, payment shall be transmitted by electronic funds transfer to a bank account designated by Grantor. Each franchise fee payment shall be followed, within forty five (45) days, by a report from Grantee showing the basis for the computation of the Franchise Fees paid during that period.
- B. The payment of the Franchise Fee shall be in addition to taxes or fees of general applicability owed to Grantor by Grantee that is not included as a Franchise Fee under Federal law.
- C. No acceptance of any payment by Grantor shall be construed as a release or as an accord and satisfaction of any claim the Grantor may have for additional sums payable as Franchise Fees under this Franchise, or of any tax or other fee owed to Grantor by Grantee.
- D. The payment period and the collection of Franchise Fees that are to be paid to the Grantor pursuant to the Franchise shall commence sixty (60) days after the effective date of the Franchise. Grantee shall continue to pay Franchise Fees under the former agreement (Grantor Ordinance No. 1304B) in the interim period.
- E. In the event the Cable Act is amended to modify the current cap on Franchise Fees to an amount other than five percent (5%) of Gross Revenues required here, Grantee agrees to and shall pay the new maximum amount consistent with federal law. Such increased fee shall take effect on the next available billing cycle in which the higher fee may be placed on Subscribers' bills.
- F. In the event that a Franchise Fee payment or recomputation amount is not made by the Grantee to the Grantor on or before the due date, or is underpaid, Grantee shall pay an interest charge, computed from such due date, at the annual rate equal to the lesser of (i) the commercial prime interest rate of the Grantor's primary depository bank during the period such

unpaid amount is owed or (ii) nine percent (9%) per annum, but in no event less than five percent (5%).

**Audit of Franchise Fees:**

- A. Granter may review and/or audit Grantee's records to ensure the correct calculation of Gross Revenues and application of Franchise Fees payable under this Franchise. Grantee shall provide such records to Granter or its designee in the Service Area, subject to Granter and/or designee signing an agreed upon Non-Disclosure Agreement, upon thirty (30) days prior written request at no charge to the Granter.
- B. In the event that any Franchise Fee is underpaid, Grantee shall pay interest as required in this Franchise. The period of limitation for recovery of any Franchise Fee payable hereunder shall be four (4) years from the date on which payment was due. Subject to applicable law, if the audit discloses an underpayment by an amount in excess of five thousand dollars (\$5,000), Grantee will reimburse Granter for reasonable audit costs.

**5.12.060      Service.**

**Nondiscrimination; Privacy:**

- A. Grantee shall not deny service, deny access or otherwise discriminate against Subscribers, channel users or general citizens on the basis of race, color, religion, national origin, age, sex or any other basis precluded by law.
- B. Grantee shall fully comply with the privacy rights of Subscribers as contained in Section 631 of the Cable Act.

**Extension of Cable Service:**

- A. The Grantee shall make Cable Service distributed over the Cable System available to every residence within the Service Area where there is a minimum density of at least thirty (30) residences per linear strand mile of cable as measured from Grantee's closest trunk line or distribution cable that is capable of delivering Cable Service as of the date of such request for service. If such residence is located within one hundred fifty (150) feet of Grantee's trunk line or distribution cable, the Cable Service will be provided at Grantee's published rate for Standard Installations. Notwithstanding the foregoing, the Grantee shall have the right, but not the obligation, to extend the Cable System into any portion of the Service Area where another operator is providing Cable Service and into any annexed area which is not contiguous to the present Service Area of the Grantee as long as said circumstance does not constitute a violation under the Cable Act to assure that access to Cable Services is not denied to any group of potential residential cable Subscribers because of the income of those residents.
- B. No Subscriber shall be refused service arbitrarily. However, if an area does not meet the density requirements of Section 6.2 above, the Grantee shall only be required to extend the Cable System to Subscriber/Customer(s) in that area if the Subscribers are willing to pay the capital costs of extending the Cable System. The Grantee may require that payment of the capital

contribution in aid of construction borne by such potential Subscribers be paid in advance. Subscribers shall also be responsible for any installation charges to extend the Cable System from the tap to the residence. However, the connection charge shall not exceed Grantee's actual costs for the distance exceeding one hundred fifty (150) feet for each potential Subscriber, and each potential Subscriber shall only be required to pay their proportionate share of construction costs related to the provision of Cable Services to their property.

Customer Service:

- A. Customer Service Standards. Grantee shall comply with customer service standards required by the FCC as set forth in Part 76 of Title 47 of the Code of Federal Regulations.
- B. Continuous Service. It shall be the right of all Subscribers to continue receiving Cable Service insofar as their financial and other obligations to Grantee are honored, subject to the terms and conditions of this Franchise.

Subscriber Bills and Notices:

Grantee shall comply with the notice requirements in Subpart T of Part 76 of the FCC's rules and regulations, as such may be amended from time to time.

Rate Regulation:

Grantor shall have the right to exercise rate regulation to the extent authorized by law, or to refrain from exercising such regulation for any period of time, in Grantor's sole discretion. If and when exercising rate regulation, Grantor shall abide by the terms and conditions set forth by the FCC.

Annexation by Grantor:

The Grantor shall promptly provide written notice to the Grantee of its annexation of any territory which is being provided Cable Service by the Grantee, which notice shall include each site address to be annexed as recorded on county assessment and tax rolls. Such annexed area will be subject to the provisions of this Franchise upon written notice from the Grantor. Any identified Subscriber addresses shall be included in Grantee franchise fee calculations within thirty (30) days after Grantee's receipt of the annexation notice. All notices due under this Section shall be sent by certified mail, return receipt requested to the addresses set forth in Section 9. Upon request and if reasonably available, Grantor will also provide addresses and maps of annexed areas in a digital format. In any audit of Franchise Fees due under this Agreement, Grantee shall not be liable for Franchise Fees on annexed areas unless and until Grantor has provided the notice by certified mail that meets the standards set forth in this Section.

Emergency Alert System:

Grantee agrees at all times to comply with Federal and State EAS rules as required in 47 C.F.R. Part 11 or as amended.

5.12.070 Service to Public Buildings; Community Programming.  
Service to Public Buildings:

Grantee shall provide, without charge, one (1) outlet and equipment for Basic and Expanded Cable Service to all elementary and secondary Public School instructional buildings and public library buildings within the Service Area and located within one hundred twenty-five (125') feet of Grantee's distribution plant. Additionally, upon written request from Grantor, Grantee shall provide, without charge, one (1) activated outlet and equipment of Basic Cable Service to up to five (5) publicly owned or publicly operated buildings, provided that the buildings are located within one hundred twenty-five aerial feet (125') of the existing distribution Cable System that is actively delivering Cable Service, or if the Grantor agrees to pay the additional cost for non-Standard Installation. Nothing in the preceding sentence shall require Grantor to make any request to Grantee to continue to receive, without charge, any Basic Cable Service provided to publicly owned or operated buildings as of the effective date of this Franchise. The Cable Service provided pursuant to this Section shall not be used for commercial purposes and such outlets shall not be located in areas open to the public. The Grantor shall take reasonable precautions to prevent any inappropriate use of or loss or damage to the Grantee's Cable System.

Public Education & Government (PEG) Channel:

- A. Upon sixty days prior written request to Grantee, Grantee shall provide one (1) channel on the Cable System for use by Grantor for PEG.
- B. The PEG channel(s) shall, to the extent required by law, be placed on Franchisee's lowest cost level of Cable Service available to Subscribers. Throughout the term of the Franchise, all Subscribers shall be able to view the PEG channel(s) without additional equipment, fees or charges, other than equipment, including converters, required of all Subscribers at additional cost to view the non-PEG programming on the Subscriber's selected level of service.
- C. Programming shall be produced in the Service Area, by those who reside in the Service Area or be of interest to Subscribers in the Service Area as reasonably determined by the Grantor.
- D. For a period of two (2) years from the effective date (as provided in Section 11.1), the Grantor shall not be required to maintain any minimum programming on the PEG Channel. Thereafter, the Grantor shall provide at least one (1) hour of local programming on the PEG Channel in any six (6) month period. For the purposes of the above calculation: a) a program may not be repeated more than three (3) times in any consecutive six (6) month period; and b) time allocated to character-generated or similar programming shall not be included. In the event the programming levels set forth herein are not maintained, the Grantee may have the underutilized PEG Channel returned to the Grantee for the Grantee's use. The Grantee may utilize the PEG Channel only after giving the Grantor not less than ninety (90) days notice and the Grantor fails to maintain the minimum programming levels set forth herein during those ninety (90) days. The Grantor may request return of

the PEG Channel used by the Grantee at any time, which request for return shall be accompanied by a showing that the Grantor's intended use for the PEG Channel will, or is reasonably likely to, meet the programming requirements set forth in this Section. The Grantee shall, within ninety (90) days of the date of the written request, cease use of and return the PEG Channel to the Grantor.

- E. When the PEG channel(s) required pursuant to this Section is utilized seventy percent (70%) of the time, five (5) days per week, Monday through Friday, for a consecutive twelve (12) hour block during the hours from 11 :00 AM to 11 :00 PM, during ten (10) consecutive weeks, Grantee shall make available an additional PEG channel upon the same conditions as the original PEG channel within ninety (90) days of a written notice from Grantor. For the purposes of the above percentage calculation: a) a program may not be repeated more than three (3) times in any consecutive ten (10) week period; and b) time allocated to character-generated or similar programming shall be excluded.
- F. Grantee shall not be responsible for operating and managing the PEG channel(s) including approving any or all PEG programming and/or for obtaining any necessary releases from programmers or another Person to show such content on the PEG channel(s). Grantee shall not exercise any editorial control over the PEG channel(s), except as permitted in Section 611(e) of the Cable Act (47 U.S.C. § 531 (e)).
- G. Grantor reserves the right to permit a third party to operate and/or manage the PEG channel(s) on Grantor's behalf. The PEG channel(s) shall not be used for commercial purposes, including but not limited to leasing capacity or advertising.
- H. Grantee shall continue to provide all existing connection(s) of the PEG access channel(s) from Grantee's headend to the location designated by Grantor, in place as of the effective date of this Franchise at no cost to Grantor. After the effective date, any connections to the Grantee's headend to enable transmission of PEG access programming shall be requested in writing by the Grantor and shall be provided by Grantee as soon as reasonably possible. The cost for such connections shall be paid by the Grantor and may be paid for with the PEG fee set forth below. Grantee shall, at no cost to the Grantor, provide and maintain the equipment necessary for transmission of PEG programming to Subscribers on the PEG channel(s). Grantee may recover from Subscribers such equipment costs in accordance with Section 7.2.(i). For the purposes of this subsection, "connections" means the physical connection between the PEG access origination point and the Grantee's headend, including cable, fiber (if used) and conduits. For purposes of this subsection, "equipment" means any equipment necessary to transport the PEG signal from outside the Grantor's building demarcation point to the Grantee's headend, as well as any equipment in the Grantee's headend necessary to transmit the programming to Subscribers, and the maintenance of all the foregoing.

- I. At any time during the term of this Franchise, the Grantor and Grantee may meet to discuss providing capital support for PEG access equipment and facilities as provided in this Section and consistent with federal law [47 U.S.C. §§ 542 (g)]. The provision of PEG capital support from Grantee or its Subscribers is subject to the written agreement between the parties and at the discretion of the Grantee, whose consent shall not be unreasonably denied. PEG funds shall be for the exclusive use of the Grantor and shall not be used for purposes other than as prescribed by federal law. Grantor shall conduct a public proceeding to determine the level of PEG capital support that is reasonable to meet the demonstrated cable-related needs of the community, considering the cost to provide those needs. The Grantor shall notify the Grantee in writing at least thirty (30) days prior to such proceeding and of the amount of capital support requested, not to exceed what is actually needed for capital support and what is practicable considering the number of Subscribers in the Service Area. Grantor shall also provide a business plan to Grantee demonstrating that the Grantor will provide adequate operating support to utilize the equipment purchased. The Grantee shall be permitted to recover such capital costs from Subscribers with individual account records, if allowed by law.

Access and Community Support Not Franchise Fees:

Subject to applicable law, the Grantee agrees that any PEG capital support provided pursuant to this Section shall in no way modify or otherwise affect the Grantee's obligations to pay Franchise Fees to the Grantor. The Grantee agrees that although the sum of Franchise Fees and PEG capital support as set forth in this Section may total more than five percent (5%) of the Grantee's Gross Revenues in any twelve (12) month period, PEG capital support shall not be offset or otherwise credited in any way against any Franchise Fee payments under this Franchise, subject to applicable law. In the event Grantee deducts from any Franchise Fee payment any amounts or costs required in this Section, Grantee shall make best efforts to provide the Grantor written notice at least 30 days prior to implementing the deduction.

5.12.080 Insurance & Indemnification.

Insurance Requirement:

- A. Grantee shall maintain, throughout the Term of this Franchise, insurance in amounts no less than the following:

Auto Liability including coverage on all owned, non-owned hired autors: \$1,000,000 per occurrence, CSL

Umbrella Liability: \$2,000,000 per occurrence, CSL

- B. Grantor shall be added as an additional insured arising out of work performed by Charter to the above Commercial General Liability, Auto Liability and Umbrella Liability insurance coverage.
- C. Grantee's insurance carrier will endeavor to provide advance written notice of cancellation to the Granter for any reason other than non-payment of premium. Notice of cancellation to the Granter may be made by any commercially reasonable means, including mail, electronic mail, or facsimile transmission to the contact name and email address provided by the Granter. Upon policy expiration or change of insurance carrier, Certificates of Insurance will be provided within thirty (30) days after policy renewal or replacement.
- D. The limits of the insurance as provided herein shall be subject to any changes as to the maximum limits of tort liability imposed on municipalities of the State of Oregon during the term of this Franchise. Upon notice from Granter of such changes, which must be made in writing and signed by the Granter and Grantee, the Grantee shall increase the limits required in this Section 8.1 to at least the maximum limits within thirty (30) days.
- E. Grantee shall furnish Granter with current certificates of insurance within ninety (90) days of the effective date of this Franchise.

Indemnification:

Grantee shall, by acceptance of the Franchise granted herein, defend, indemnify and hold harmless Granter, its officers, agents and employees, from and against all claims, liabilities, damages and penalties, including but not limited to attorney fees, arising as a result of construction, operation and maintenance of the Cable System within the Service Area, whether or not any act or omission complained of is authorized, allowed, or prohibited by this Franchise, Notwithstanding the foregoing, Grantee shall not be obligated to indemnify the Granter for claims, damages and penalties caused by the negligence, gross negligence or willful misconduct of Granter, its officers, agents and employees, including any use of any Public, Education and Government (PEG) channels, funding and facilities. Granter shall give Grantee written notice within ten (10) days of receipt of any claim or lawsuit subject to this Franchise, and Granter may retain its own separate counsel at its sole cost and expense.

"Card room" means an area within a building where any of the traditional gambling-based games commonly known as faro, monte, roulette, fan-tan, twenty-one, blackjack, poker, chemin de fer, baccarat, beat the banker, acey-deucey, or any other gambling-based game similar in form or content are played.

##### 5.16.020 Gambling prohibited.

No person shall participate in, operate or assist in operating any gambling game or activity, including a lottery. No person shall have in his or her possession any property, instrument or device designed or adapted for use in any type of gambling activity. Any such property, instrument or device is a nuisance and may be summarily

From and after the effective date of the ordinance codified in this chapter, it is unlawful for any person, firm or corporation to engage in or carry on, or to maintain or conduct, or cause to be engaged in, carried on, maintained or conducted, any card room in the city without having a valid license from said city.
- B. An applicant for a card room license shall submit his or her application to the city recorder. The application shall be under oath and shall include, among other things, the true names and addresses of all persons financially interested in the business, the personal history and business experiences of such persons, and the past criminal record, if any.
- C. The application shall be accompanied by a twenty dollar (\$20.00), non-refundable investigation fee for each person having a financial interest. The application shall also be accompanied by fingerprints and photographs of persons financially interested.

5.16.040 Granting and denial of application.

The council may (1) grant the license; (2) take the application under consideration at a specified date and public hearing if the council shall so determine; (3) deny the application.
- B. The license shall not be granted if:
  - 1. Any person who has any interest in the business has been previously convicted of a felony within the last ten (10) years;

5. Any false or misleading information is supplied in the application or any information requested is omitted from the application;
6. Any person who has any interest in the business has had a license which was in his or her name revoked or suspended three times by the Oregon Liquor Control Commission, the last of which was in the last five years;
7. Any person who has any interest in the business or an employee violates any section of this chapter.

5.16.050 Responsibility of licensee.

Each card room shall have assigned to it a person whose duty shall be to supervise the games and see to it that they are played strictly in accordance with this chapter and within the provisions of the ORS.

5.16.060 License not transferable.

No card room license shall be assignable or transferable.

5.16.070 Change of financially interested persons.

A change of persons having financial interest in a licensee's business shall be reported immediately to the city recorder, who shall order an investigation by the police department, and the change shall be approved or denied by the city council. Applications for change of financial ownership shall be accompanied by a twenty dollar (\$20.00) non-refundable investigation fee for each new financially interested person, and shall contain the information required by Section 5.16.030.

5.16.080 Suspension and revocation of license.

The city manager shall temporarily suspend any card room license issued for the seven reasons specified in Section 5.16.040 for denial of a license.

- A. Suspension shall be subject to the right of appeal to the city council, meeting in regular council session. Notice of such appeal shall be filed with the city recorder within ten (10) days of receipt or such action shall be deemed final and conclusive. A temporary suspension shall be for thirty (30) days.
- B.
